Castro Acts To Recognize Red Chinese Ends Diplomatic Relations With Kai-Shek Regime

HAVANA (AP) — Cuba Friday night broke diplomatic relations with Nationalist China and announced its intention to recognize Red China.

Apparently only technical details remained for Cuba to become the first nation in the Western Hemisphere to formally establish diplomatic relations with the Chinese Communist regime.

CITES SOVIET AID

Defying pleas for hemisphere solidarity, Prime Minister Fidel Castro branded the promises of Soviet aid as Cuba's answer to actions of the Organization of American States.

He also welcomed Red Chinese military aid if it is offered. Hundreds of thousands of Cubans attending a so-called assembly of the Cuban people roared their approval when Castro asked if they wanted to establish diplomatic ties with the Peiping government.

With the shouts of the throng ringing in his ears, Castro said: "From this moment we end our relations with the regime of Chiang Kai-shek."

Chiang is president of the Nationalist Chinese government on Formosa. Nationalist China's ambassador in Havana, Liu Yu-wan, who represents almost 30,000 Chinese nationals in Cuba, declined immediate comment on Castro's announcement.

The fiery revolutionary Prime Minister then read to the shouting crowd "a declaration of Havana" in which he said the people's general assembly of Cuba declared before America and before the world that it accepted the protection of Soviet rockets in case of imperialistic attack.

Castro said Cuba would establish diplomatic relations with all Communist countries.

He blamed the United States for attempting "to isolate" the Soviet Union and Communist China from the Western Hemisphere.

Before a huge rally in Havana's Civic Plaza, Castro tore up the Cuba-U.S. mutual defense treaty of 1952 and threw away the pieces.

Then he told the throng to hold "for an opportune time" the question of the big U.S. naval base at Guantanamo.

A crowd estimated at more than 300,000 people filled the square to hear Castro denounce the United States and the OAS.

Ike Signs Bill For Foreign Aid Of \$3.7 Billion

WASHINGTON (AP) — President Eisenhower signed Friday a bill appropriating \$3,725,000,000 for foreign aid—a sum he has said is too little.

Congress provided 65 million dollars more in another measure, but the total of these is still \$494,354,000 less than Eisenhower requested for military and economic assistance abroad this year.

The President took the unusual step, during the last week of the congressional session, of asking that the bill be returned to a Senate-House conference committee to be improved, from the administration point of view.

This was not done, but Congress did add the 65 million in a separate bill. The extra fund is earmarked for defense support—financial aid to countries which are maintaining, in the interests of collective defense, especially large military establishments in proportion to their own economic resources.

The bill signed Friday also includes a special 100-million-dollar addition to the contingency fund to be spent at the President's discretion. The administration made a special plea for this appropriation saying it is needed mainly in the turbulent, newly independent Congo.

Marks Funeral Slated Sunday

FORT WORTH (Special) — Albert Marks, retired dry goods merchant and father of Monroe jeweler Ralph Marks, died Friday afternoon in a Fort Worth, Tex. hospital after a long illness.

Mr. Marks, 80, had been a resident of Fort Worth for a number of years.

Funeral services are scheduled to be held at 10 a.m. Sunday in the chapel of Robertson, Mueller and Harper's Funeral Home in Fort Worth, Tex.

Other survivors include his widow, Mrs. Tillie Marks, Fort Worth; one other son, Ralph Marks, Monroe; and Sidney Marks, Fort Worth; and one grandson.

LABOR DAY WEEKEND

Holiday Treks Jam Highways

By THE ASSOCIATED PRESS

Americans by the millions hit the roads Friday for favorite holiday spots, bent on getting an early start at Labor Day weekend fun.

Other millions dotted the beaches, parks and recreation centers the final summer holidays—a three-day respite from the business of earning a living; a time to live it up.

Weather was ideal over much of the nation, with brisk or mild temperatures in the North and lingering summer in the South. There was a promise of sunshine in most sections.

460 MAY DIE

The nation's first reported fatal highway accident occurred near Allentown, Pa., Friday night. The victim, Peter Cardarelli, 18, of White Plains, N.Y., was a passenger in a car which jumped a median strip, rolled over and struck an embankment. Police said the driver apparently fell asleep at the wheel.

The National Safety Council said traffic accidents could take 460 lives during the 72-hour period from 6 p.m. local time Friday and midnight Monday. This compares with about 330 traffic deaths for a nonholiday weekend of equal length at this season, the council said.

An Associated Press survey two weeks ago, made for comparative purposes, showed that 350 persons were killed in traffic during the nonholiday weekend period from 6 p.m. Friday, Aug. 19, to midnight, Monday, Aug. 22.

During this period 34 boating deaths occurred, 61 persons drowned, and 90 died in miscellaneous accidents—a total of 574.

WASHINGTON (AP) — The State Department said Friday a forged anti-U.S. document circulated in Latin America shows the Castro government is aping the Communists in use of the "big lie" technique.

The three-page document purports to be a photographic copy of a secret Washington dispatch airmail to U.S. embassies throughout the hemisphere, ordering them to prevent Prime Minister Fidel Castro's economic conference of underdeveloped nations proposed in Havana for this month.

The department termed the document an obvious phony. A spokesman said it contains misspellings, the name of a nonexistent State Department official, incorrect signatures including that of Undersecretary Douglas Dillon as acting secretary when he actually was away from Washington, and a reference to "the failure of the summit conference" although the document's Feb. 5, 1960 date is well ahead of the Paris summit gathering.

START PROBE But the general form of the mysterious "airgram" is so close to the real thing that the department started an investigation as to how an authentic official message could have been so easily falsified.

State Officers Elect Sibley BATON ROUGE (AP) — The Louisiana chapter of the FBI National Academy Associates elected and installed officers here Friday, concluding a two-day meeting.

Installed as president was Police Chief Ray Sibley of Bastrop, succeeding Maj. Billy J. Booth of the Louisiana State Police.

Miss D. L. Gilbert will appear at the McGuire Methodist Church 7 p.m. Sunday. She attended youth assemblies in Lausanne, Switzerland, last summer and has returned with many interesting views of places and people.

FOR SEGREGATION Davis To Disclose School Fight Plans BATON ROUGE (AP) — Gov. Jimmie H. Davis said Friday that in "a week or two" he will disclose details of the state's strategy in the fight to keep schools segregated.

Meanwhile, Davis said he was following the "finest legal advice available."

Regarding his health, Davis said he plans to "be bound by competent medical advice."

He indicated that if his physicians say he should undergo an operation for a gallstone condition he will do so.

The governor answered questions submitted through Ed Reed, his public relations assistant. He continued work in the executive mansion here, meeting with advisors Thursday night and Friday morning.

The governor must decide whether to undergo an operation while the ailment is relatively mild or later when his fight to head off integration of New Orleans schools could intensify.

"Regardless of what comes out," he said, "I'm not worried."

He said his health is good and his spirits high. He said results of tests and opinions concerning his physical condition were not in yet.

Davis said he would "make haste slowly" in mapping strategy to continue the segregation fight. He said a complete and exhaustive analysis of problems facing the state in the field of public education is needed.

Perez Quits As Nominee For Election Demo Committee Names His Son As Candidate

NEW ORLEANS (AP) — Leander H. Perez, district attorney of St. Bernard and Plaquemines Parishes since 1924, Friday resigned his re-nomination so he could spend more time fighting integration.

The Democratic committee of the 25th Judicial District immediately named Leander H. Perez Jr., as the party nominee for district attorney in the Nov. 8 general election to succeed his 69-year-old father.

FORMER JUDGE The elder Perez served as judge of the district court from 1919 until 1924 when he became district attorney. He said he would retire as district attorney in December but intended to remain in the district attorney's office "for a time as assistant district attorney."

"The state constitution," Perez noted, "provides that the assistant district attorney has 'all the powers of the district attorney under the constitution and laws of the state.'"

Perez said in his statement that the first two assistant district attorneys he appointed "are now judge and judge-elect of our judicial district — Judge Bruce Nunez and Judge-elect Rudolph McBride."

My third appointment as an assistant was my son, Leander H. Perez Jr., and he will succeed me as district attorney for the next six years.

"I shall continue active in our local government but by this new arrangement I will have more time to devote to the serious public issues and problems which threaten the welfare of our people."

In addition, Adcock said he would go before the Board of Liquidations to make a pitch for funds to purchase the hunting grounds.

At present, Hebert Fredericks of Covington is offering a tract of land from south of Wham Brake through Lafourche Swamp to the Winnboro Road for sale.

Fredericks also has bought a major portion of Wham Brake from Ouachita Farms. This property currently is being sought by a group of local sportsmen attempting to organize a non-profit corporation as a hunting club.

Adcock said he was familiar with the land proposition and made an effort several days ago to seek additional information.

Now he said he was going to the governor.

Rep. Mike John Jr. has also sent a request to Director L. D. Young and Commission Chairman E. R. McDonald Sr. urging them to look into the matter.

John offered to introduce a special appropriations bill to pay for the land at the next regular session of the legislature.

Adcock, on the other hand, said he thought the Board of Liquidations might be convinced of approving funds for the sale.

Ouachita's other legislative delegate, Rep. Lawrence Gibbs, said he was willing to cooperate too.

Early Risers To See Eclipse NEW YORK (AP)—If you don't mind staying up very very late, or getting up very very early, you can see an eclipse of the moon next Monday morning.

Look west. The moon will be low in the western sky as it plunges into the earth's shadow starting at 4:36 a.m. Eastern Standard Time.

There will be a total blackout at 5:38 a.m., EST. However, people in the eastern time zone and about the eastern half of the central zone won't be able to see that part.

That's because the moon will have dropped below the horizon in the east 10 minutes before the full eclipse.

From approximately the middle of the central zone westward everyone can see it all.

Weather Slated To Stay Same Twin City residents will be treated to almost the same weather today as yesterday if the weatherman's predictions come true.

Federal Aviation at Selman Field reported that Friday's high was 90 with a low of 72. Today's predictions are 94 and 72.

Skies will be clear to partly cloudy today with no rain in prospect.

Sen. Adcock Asks Public Hunting Area

Sen. Jamar Adcock is going to contact Gov. Jimmie H. Davis and go before the Board of Liquidations in hopes of getting the state to buy a tract of land in Lafourche Swamp for public hunting.

Adcock said yesterday he had been in touch with the Louisiana Wildlife & Fisheries Commission to see if the state could buy the land for public hunting.

"I've tried to contact the governor, but he's been sick," Adcock said. "I'll keep trying until I reach him."

TRY FOR FUNDS In addition, Adcock said he would go before the Board of Liquidations to make a pitch for funds to purchase the hunting grounds.

At present, Hebert Fredericks of Covington is offering a tract of land from south of Wham Brake through Lafourche Swamp to the Winnboro Road for sale.

BODIES LITTER STREETS Congo Careening Toward Anarchy

LEOPOLDVILLE, The Congo (AP) — The Congo careened crazily and bloodily toward civil war, anarchy and possibly a communist-style dictatorship Friday night. For the first time U.N. African forces resorted to gunfire to keep order.

Bodies littered the streets of Bakwanga, the diamond mining center where Congolese army troops have been fighting secessionist forces of Albert Kalonji. U.N. officials counted at least 270 dead.

At Moerbeke, near the army base of Thysville in Leopoldville province, U.N. Moroccan troops opened fire on a belligerent group of armed civilians. First reports said one civilian was killed.

In Leopoldville Premier Patrice Lumumba proceeded vigorously to wipe out political opposition to his martial regime by throwing political opponents in jail.

Veteran diplomats in the capital watched anxiously as the Lumumba government proceeded along the path that leads usually to dictatorship and a police state.

Scores of Russians and Communist advisers have poured into the Congo in recent weeks. Observers who know well the pattern of Communist infiltration said the trend of events here is almost classical in design.

From the suppression of newspapers, the banning of political meetings, the rough and ready employment of troops and police to the arrest of political opposition, the course taken by the Lumumba government has followed the familiar pattern, they say, and they believe the chaos and confusion is all a part of the pattern.

A belief was growing among observers that the U.N. nations could not restore order in this chaotic two-month old nation unless the Congolese army somehow could be disarmed. There is slight hope of this in the face of Lumumba's militant determination to use force.

Today's Chuckle Taxpayers are men and women who do not have to pass civil service examinations to work for the government.

GETS OVER \$100,000 Top Check Forger In Nation Nabbed SACRAMENTO, Calif. (AP) — Bobby M. Blundell, authorities say, started by cashing bum checks for \$35 and became the country's No. 1 forger. Blundell guesses his check-cashing career in 296 cities netted him well over \$100,000.

Police have dubbed him "Mr. 35."

Blundell, 31, was arrested in an Oklahoma City suburb last week. He was due here Friday to face trial on 10 bad check counts, each of which carries a 6-month to 14-year jail term.

California's Justice Department said it has a file two feet thick on his activities.

"He's certainly the biggest forger we know anything about. There's no one around who could match him," said a department officer, Lewis Davis.

Already in jail here is Blundell's wife, Ruth, 22. She was arrested this week in Stockton, 50 miles south of Sacramento. Police said she admitted being with her husband when he passed some checks.

Arrested with Blundell in Oklahoma was Ray Lowry, 30, his boyhood friend from Stockton, accused of being a frequent accomplice.

Oklahoma agreed to send both men to California for prosecution. Police said Blundell admitted he is the "Mr. 35" they have sought since 1955, when a batch of worthless checks for \$35 started appearing.

U.S. Judge Backs Board In Mix Case

LITTLE ROCK, Ark. (AP) — A federal judge Friday rejected an attempt by Negro students to bypass the Arkansas pupil placement law and force the Little Rock school board to let them enter predominantly white schools.

U.S. Dist. Judge John E. Miller of Fort Smith ruled the school board was using the placement law fairly in its refusal to shift 14 Negro plaintiffs from the all-Negro Horace Mann High School.

The Negroes wanted to be assigned to Central, Hall or Technical High schools on the basis of residential area.

APPEAL LIKELY

Miller said no student was automatically qualified to attend a particular school just because he lived near it.

His ruling also said, in effect, that Negroes must file individual suits rather than class actions in any future integration matters.

The 14 Negroes had filed their protest against the school board's handling of the placement law as a "class action" on behalf of the class or group they represented.

Wiley Branton of Pine Bluff, Negro attorney for the plaintiffs, said "I don't think there's any question but that we'll have to appeal the order."

The school board already has assigned 13 Negroes to once-white Central and Hall high schools for the fall term which begins Tuesday. These assignments were made under the placement law.

If Miller's decision about Negroes' having to file individual suits in future litigation is upheld by higher courts, it could have far-reaching effects on school desegregation in the South.

Obviously integration would be slowed down if the case of each Negro applicant had to be handled separately in the courts. It would no longer be possible for a number of Negroes to join in a single suit aimed at compelling a school board to assign them to white schools.

Miller, in the ruling, relinquished jurisdiction in the long Little Rock integration case. He made the first ruling — approval of a for-

U.S. Howitzer Shell Kills 15, 27 Are Injured

GRAFENWOEHR, Germany (UPI) — Fifteen American soldiers were killed and 27 others were injured Friday by a 200-pound U.S. Army howitzer shell that went more than a mile off range.

An Army officer said the disaster was caused by "human error."

The eight-inch howitzer was fired in target practice by an Army artillery crew on this maneuver ground. The shell struck the tents of another unit, more than 1,800 yards off range, officials said.

The men were struck as they sat inside their tents shortly after breakfast, the Army said. Bavarian police had reported they were killed as they stood in line outside the tents.

"In combat, some of them would have been below ground," one U.S. officer said. "Here they weren't," and the results were terrible.

Two of the wounded were on the critical list.

The shell tore into three tents occupied by soldiers of the 3rd Armored Division's 3rd Reconnaissance Squadron, 12th Cavalry. It ripped through one tent, exploded in the second and shredded the third with steel fragments.

Castro Acts To Recognize Red Chinese

Ends Diplomatic Relations With Kai-Shek Regime

HAVANA (AP) — Cuba Friday night broke diplomatic relations with Nationalist China and announced its intention to recognize Red China.

Apparently only technical details remained for Cuba to become the first nation in the Western Hemisphere to formally establish diplomatic relations with the Chinese Communist regime.

CITES SOVIET AID

Defying pleas for hemisphere solidarity, Prime Minister Fidel Castro brandished the promises of Soviet aid as Cuba's answer to actions of the Organization of American States.

He also welcomed Red Chinese military aid if it is offered.

Hundreds of thousands of Cubans attending a so-called assembly of the Cuban people roared their approval when Castro asked if they wanted to establish diplomatic ties with the Peiping government.

With the shouts of the throng ringing in his ears, Castro said: "From this moment we end our relations with the regime of Chiang Kai-shek."

Chiang is president of the Nationalist Chinese government on Formosa. Nationalist China's ambassador in Havana, Liu Yu-wan, who represents almost 30,000 Chinese nationals in Cuba, declined immediate comment on Castro's announcement.

The fiery revolutionary Prime Minister then read to the shouting crowd "a declaration of Havana" in which he said the people's general assembly of Cuba declared before America and before the world that it accepted the protection of Soviet rockets in case of imperialistic attack.

Castro said Cuba would establish diplomatic relations with all Communist countries.

He blamed the United States for attempting "to isolate" the Soviet Union and Communist China from the Western Hemisphere.

Before a huge rally in Havana's Civic Plaza, Castro tore up the Cuba-U.S. mutual defense treaty of 1952 and threw away the pieces.

The elder Perez served as judge of the district court from 1919 until 1924 when he became district attorney. He said he would retire as district attorney in December but intended to remain in the district attorney's office "for a time as assistant district attorney."

"The state constitution," Perez noted, "provides that the assistant district attorney has 'all the powers of the district attorney under the constitution and laws of the state.'"

Perez said in his statement that the first two assistant district attorneys he appointed "are now judge and judge-elect of our judicial district — Judge Bruce Nunez and Judge-elect Rudolph McBride. My third appointment as an assistant was my son, Leader H. Perez Jr., and he will succeed me as district attorney for the next six years."

"I shall continue active in our local government but by this new arrangement I will have more time to devote to the serious public issues and problems which threaten the welfare of our people."

"I hope all of our people will give our district attorney's office and parish administrators their full cooperation and that we may adjourn factional politics and close ranks against the common enemy and fellow travelers who would force immoral, racial integration upon our children to destroy their education, their personal safety and well being and who would destroy our white civilization, so that in the end our nation would be easy prey to the Communist vultures."

Liquid Concrete Mishap Injures Texas Workers

HOUSTON, Tex. (AP) — A huge bucket of liquid concrete smashed through a scaffold holding seven workmen in the basement of a downtown construction project Friday.

At least two were trapped under the bucket as it plunged through a maze of steel framework, spilling as it fell.

Attendees at Memorial Hospital said only three of the workmen appeared to have suffered serious injuries.

The cable snapped as a crane lifted the bucket from the ground. It contained five cubic yards of concrete.

The accident occurred at a structure due to rise 44 stories and house offices of Humble Oil & Refining Co.

Hospital attendants said A.D. Yancy, 45, of Rosenberg, Tex., who was pulled from beneath the concrete, appeared to have suffered critical injuries to his head and chest.

Also reported in critical condition was Ennis Randall, 43, Houston Negro, with injuries to back and pelvis.

Weather Slated To Stay Same

Twin City residents will be treated to almost the same weather today as yesterday if the weatherman's predictions come true.

Federal Aviation at Selman Field reported that Friday's high was 90 with a low of 72. Today's predictions are 94 and 72.

Skies will be clear to partly cloudy today with no rain in prospect.

Sen. Adcock Asks Public Hunting Area

Sen. Jamar Adcock is going to contact Gov. Jimmie H. Davis and go before the Board of Liquidations in hopes of getting the state to buy a tract of land in Lafourche Swamp for public hunting.

Adcock said yesterday he had been in touch with the Louisiana Wildlife & Fisheries Commission to see if the state could buy the land for public hunting.

"I've tried to contact the governor, but he's been sick," Adcock said. "I'll keep trying until I reach him."

TRY FOR FUNDS

In addition, Adcock said he would go before the Board of Liquidations to make a pitch for funds to purchase the hunting grounds.

At present, Hebert Fredericks of Covington is offering a tract of land from south of Wham Brake through Lafourche Swamp to the Winnabro Road for sale.

Fredericks also has bought a major portion of Wham Brake from Ouachita Farms. This property currently is being sought by a group of local sportsmen attempting to organize a non-profit corporation as a hunting club.

Adcock said he was familiar with the land proposition and made an effort several days ago to seek additional information.

Now he said he was going to the governor.

Rep. Mike John Jr. has also sent a request to Director L. D. Young and Commission Chairman E. R. McDonald Sr. urging them to look into the matter.

John offered to introduce a special appropriations bill to pay for the land at the next regular session of the legislature.

Adcock, on the other hand, said he thought the Board of Liquidations might be convinced of approving funds for the sale.

Ouachita's other legislative delegate, Rep. Lawrence Gibbs, said he was willing to cooperate too. (Continued On Page Two-A)

Early Risers To See Eclipse

NEW YORK (AP) — If you don't mind staying up very very late, or getting up very very early, you can see an eclipse of the moon next Monday morning.

Look west.

The moon will be low in the western sky as it plunges into the earth's shadow starting at 4:36 a.m. Eastern Standard Time.

There will be a total blackout at 5:38 a.m. EST. However, people in the eastern time zone and about the eastern half of the central zone won't be able to see that part.

That's because the moon will have dropped below the horizon in the east 10 minutes before the full eclipse.

From approximately the middle of the central zone westward everyone can see it all.

BODIES LITTER STREETS

Congo Careening Toward Anarchy

LEOPOLDVILLE, The Congo (AP) — The Congo careened crazily and bloodily toward civil war, anarchy and possibly a communist-style dictatorship Friday night. For the first time U.N. African forces resorted to gunfire to keep order.

Bodies littered the streets of Bakwanga, the diamond mining center where Congolese army troops have been fighting secessionist forces of Albert Kalonji. U.N. officials counted at least 270 dead.

At Moerbeke, near the army base of Thysville in Leopoldville province, U.N. Moroccan troops opened fire on a belligerent group of armed civilians. First reports said one civilian was killed.

In Leopoldville Premier Patrice Lumumba proceeded vigorously to wipe out political opposition to his martial regime by throwing political opponents in jail.

Veteran diplomats in the capital watched anxiously as the Lumumba government proceeded along the path that leads usually to dictatorship and a police state.

Scores of Russians and Communist advisers have poured into the Congo in recent weeks. Observers who know well the pattern of Communist infiltration said the trend of events here is almost classical in design.

From the suppression of newspapers, the banning of political meetings, the rough and ready employment of troops and police to the arrest of political opposition, the course taken by the Lumumba government has followed the familiar pattern, they say, and they believe the chaos and confusion is all a part of the pattern.

A belief was growing among observers that the U.N. nations could not restore order in this chaotic two-month old nation unless the Congolese army somehow could be disbanded. There is slight hope of this in the face of Lumumba's militant determination to use the army.

GETS OVER \$100,000

Top Check Forger In Nation Nabbed

SACRAMENTO, Calif. (AP) — Bobby M. Blundell, authorities say, started by cashing bum checks for \$35 and became the country's No. 1 forger. Blundell guesses his check-cashing career in 296 cities netted him well over \$100,000.

Police have dubbed him "Mr. 35."

Blundell, 31, was arrested in an Oklahoma City suburb last week. He was due here Friday to face trial on 10 bad check counts, each of which carries a 6-month to 14-year jail term.

California's Justice Department said it has a file two feet thick on his activities.

"He's certainly the biggest forger we know anything about. There's no one around who could match him," said a department officer, Lewis Davis.

Already in jail here is Blundell's wife, Ruth, 22. She was arrested this week in Stockton, 50 miles south of Sacramento. Police said she admitted being with her husband when he passed some checks.

Arrested with Blundell in Oklahoma was Ray Lowry, 30, his boyhood friend from Stockton, accused of being a frequent accomplice.

Oklahoma agreed to send both men to California for prosecution. Police said Blundell admitted he is the "Mr. 35" they have sought since 1955, when a batch of worthless checks for \$35 started appearing.

The rich Central African nation from which so much was expected seems in grave danger of dividing hopelessly along tribal lines.

A consignment of 10 Ilyushin-18 Soviet planes now has arrived in the country. A hundred Soviet trucks capable of transporting troops already are in the interior.

It is not known who is directing the army's operation in the Bakwanga area which seeks to become a separate province for Baluba tribesmen. But it certainly is not Gen. Victor Lundula, the one-time sergeant who now is commander of Lumumba's Congolese army. Lundula has been observed arguing with his sergeants about the proper conduct of the army.

The United Nations had reported only quiet in the Bakwanga region until Friday.

Then they reported that Congolese troops had engaged the armed supporters of secessionists and that "there was shooting for hours."

The incident at Moerbeke marked the first time the U.N. African troops resorted to gunfire.

mer school board's plan for gradual desegregation — in 1956. Further jurisdiction will be handled by the Little Rock district, Miller said.

Everett Tucker Jr., president of the Little Rock School Board, praised the Miller ruling.

In the lengthy ruling, Miller specifically said he did not believe any constitutional rights of Negroes had been violated.

Miller said:

"It must be remembered that the decisions of the Supreme Court and other appellate courts do not compel the mixing of different races in the public schools. No general reshuffling of the pupils in any school district has been commanded. The law is simply that no child shall be denied admission to a school on the sole basis of race or color."

"In other words, the Constitution of the United States does not require integration. It merely forbids the use of governmental power to enforce segregation."

He also said:

"The courts have often recognized that many individual liberties guaranteed by the Constitution are not and cannot be unlimited. For example, there is no such thing as complete freedom of the press or speech, nor is there an unlimited or unrestrained freedom of students, white or colored, to select and 'crash' their way into a particular school under the guise of choosing the direction in which their Constitutional advantages lie."

King also said the White House itself has become deeply involved in the seizure fight, and mentioned David W. Kendall, special counsel to President Eisenhower.

In a statement prepared for publication in the Congressional Record, King said a Long Beach law firm, headed by the vice president's campaign manager in the Long Beach area, "has been given a lucrative retainer" by the government agency that did the seizing.

King said the Long Beach law firm was suggested to the federal agency by Robert H. Finch, Nixon's national campaign manager. Finch said he had no comment.

The King statement did not identify the Nixon Long Beach aide other than to say he is head of the law firm of Clock, Westman & Clock. King himself was not available for comment.

In Long Beach, John Clock said King's statement was "ridiculous" and all charges made by him were "false and untrue."

In his statement, King described the retainer as "political payola" and said, "So far this has paid off for Nixon's campaign manager at the rate of almost \$4,000 a month."

Demo Charges Payoff Deal In Firm's Seizure

(Continued From Page One)

WASHINGTON (AP) — Rep. Cecil R. King (D-Calif.) charged Friday that a "campaign payoff" is being engineered for Richard Nixon in connection with the government's seizure of a Long Beach, Calif., savings and loan firm.

But he pointed out that the state was short of funds.

Here is what Gibbs said:

"I certainly will cooperate with my colleagues in regard to Wham Brake. However, I do not wish to mislead the sportsmen of this area."

Gov. Davis, in a recent report to the people, noted a pinch on finances. We first should take care of pay raises for civil service workers, answer a possible school shortage in finances, take care of our hospitals, roads and old folks."

The air corridor from West Germany to Berlin remains open, however, and commercial airliners Friday carried out a "baby airlift" to the city.

Ullrich, who returned to East Germany from Moscow Thursday, said in his address that Russia one day will carry out a threat to sign a separate peace treaty with East Germany — which would create a new Berlin crisis.

"Then we (East Germans) will take over control of military transportation to West Berlin, on the land, the waterways and in the air," Ullrich said.

"That can cause a conflict," he added. "But this conflict will mean less danger than the continued existence of the (West Berlin allied) war center."

ed only quiet in the Bakwanga region until Friday.

Then they reported that Congolese troops had engaged the armed supporters of secessionists and that "there was shooting for hours."

The incident at Moerbeke marked the first time the U.N. African troops resorted to gunfire.

The rich Central African nation from which so much was expected seems in grave danger of dividing hopelessly along tribal lines.

A consignment of 10 Ilyushin-18 Soviet planes now has arrived in the country. A hundred Soviet trucks capable of transporting troops already are in the interior.

It is not known who is directing the army's operation in the Bakwanga area which seeks to become a separate province for Baluba tribesmen. But it certainly is not Gen. Victor Lundula, the one-time sergeant who now is commander of Lumumba's Congolese army. Lundula has been observed arguing with his sergeants about the proper conduct of the army.

Kennedy Bids For Votes In New England

PORTLAND, Maine (UPI)—John F. Kennedy said Friday night his administration will not discriminate against any section of the nation if he is elected president.

The Democratic presidential nominee addressed a rally which climaxed a barnstorm tour of his native New England that started in Boston where he warned Soviet Premier Nikita S. Khrushchev to keep out of American politics.

Kennedy flew from Boston in a chartered DC-4liner to Manchester, N.H., and then to Presque Isle, Bangor and Portland. On part of the journey he was accompanied by his wife, Jacqueline, who is expecting their second child in about two months.

Kennedy appealed to New Englanders to break away from their Republican past and help elect him President Nov. 8. The tour was a springboard for the nationwide campaign he formally will open Saturday in Alaska.

In a speech prepared for Friday night's rally, Kennedy said he was here "not as an emissary from a strange land, but as a fellow New Englander."

"I do not promise you special favors and attentions," he said. "But I do promise you that I will work to solve the problems of all regions—including New England—whose economic health is vital to America's well-being."

Officers Catch Second Escapee

PASCAGOULA, Miss. (AP)—Another of the six prisoners who fled the Jackson County jail was recaptured Friday. Officers pressed a search for the remaining four at liberty.

Sheriff James R. Grimsley and highway patrolman D. L. Wesley flushed Donald Showalter, 20, Scottsdale, Penn., in a wooded area about two miles west of Pascagoula River. He gave no resistance.

Demo Charges Payoff Deal In Firm's Seizure

WASHINGTON (AP)—Rep. Cecil R. King (D-Calif.) charged Friday that a "campaign payoff" is being engineered for Richard Nixon in connection with the government's seizure of a Long Beach, Calif., savings and loan firm.

King also said the White House itself has become deeply involved in the seizure fight, and mentioned David W. Kendall, special counsel to President Eisenhower.

In a statement prepared for publication in the Congressional Record, King said a Long Beach law firm headed by the vice president's campaign manager in the Long Beach area "has been given a lucrative retainer" by the government agency that did the seizing.

King said the Long Beach law firm was suggested to the federal agency by Robert H. Finch, Nixon's national campaign manager. Finch said he had no comment.

The King statement did not identify the Nixon Long Beach aide other than to say he is head of the law firm of Clock, Westman & Clock. King himself was not available for comment.

In Long Beach, John Clock said King's statement was "ridiculous" and all charges made by him were "false and untrue."

In his statement, King described the retainer as "political payola" and said, "So far this has paid off for Nixon's campaign manager at the rate of almost \$4,000 a month."

Nurse Graduates Facing Draft

PARIS (UPI)—Yves St. Laurent, shy bespectacled chief designer of the fashion house of Christian Dior, is liable to Army draft any day now, a spokesman for the fashion house said.

A defense ministry spokesman confirmed that an 18-month deferment which St. Laurent won in the spring of 1959 lapsed Thursday. But the spokesman said he could not say when the 24-year-old inheritor of the late Christian Dior's mantle might be called up.

Crippled Yacht Reaches Port

HONOLULU (AP)—The flooded motor yacht Wild Goose II, leaking badly, anchored in Keala Bay, Hawaii Island, Friday ending a two-day struggle against stormy seas that endangered the 18 lives aboard.

Two women and four youngsters among passengers aboard the 136-foot craft were to be flown to Honolulu.

One of the children is a 4-year-old girl being taken to Seattle for heart surgery.

Here is what Adcock said: "I certainly will cooperate with my colleagues in regard to wish to mislead the sportsmen of this area."

20 Republicans On State Ballot

BATON ROUGE (AP)—Twenty Republicans will be on the ballot Nov. 8 running for everything in Louisiana from a school board seat to U. S. Senator.

They are in addition to the 10 GOP presidential electors.

Former Gov. Earl K. Long, Democratic nominee in the Eighth Congressional District for a House seat, and two other Democratic congressmen are unopposed.

But Republican opposition will be found in five of the eight congressional districts. Republican Norman W. Prendergast is running against Rep. F. Edward Hebert in the First District; Elliott Ross Buckley against Rep. Hale Boggs in the Second; Floyd J. Dugan against Rep. Edwin E. Willis in the Third; Fred C. McClanahan against Rep. Overton Brooks in the Fourth and Charles H. Dillemeith against Rep. James H. Morrison in the Sixth.

George W. Reese Jr., New Orleans, who headed the GOP convention delegation from Louisiana, is challenging U. S. Sen. Allen J. Ellender. Reese is the only Republican hopeful who will be on the ballot throughout the state.

Democratic nomination is Louisiana almost always means election, although President Eisenhower carried Louisiana in 1956.

Summary Given For Congress

WASHINGTON (AP)—Here is a summary of major legislation enacted during the post-convention session of Congress which convened Aug. 8 and adjourned Thursday night.

Health aid for elderly persons—passed in modified form.

Appropriations—Five bills appropriating \$12,963,000,000 sent to President Eisenhower.

Antarctic treaty—Ratified by Senate, House action not required.

Foreign Affairs—600-million-dollar economic aid program approved for Latin America. Bill authorizing cut in Dominican Republic sugar imports shelved.

Radio-TV—Controls to prevent payola allowed, along with easing of equal time provision applicable to political candidates.

Housing—Home improvement loan, college dormitory construction and public facility loan programs extended.

Minimum wage—Bills raising minimum wage and extending coverages abandoned after compromise efforts failed.

Red Is Willing To Risk West Berlin Conflict

BERLIN (UPI)—East German Communist chief Walter Ulbricht warned in a speech made public Friday that he would risk willing "a conflict" to drive the West from Berlin.

The release of his statement apparently was timed to give further impetus to the current Communist harassment campaign against travel from West Germany to Berlin. Overland routes to isolated Berlin have been closed to travelers bound for the city to attend rallies for refugees and ex-war prisoners.

The air corridor from West Germany to Berlin remains open, however, and commercial airliners Friday carried out a "baby airlift" to the city.

Ulbricht, who returned to East Germany from Moscow Thursday, said in his address that Russia one day will carry out a threat to sign a separate peace treaty with East Germany—which would create a new Berlin crisis.

"Then we (East Germans) will take over control of military transportation to West Berlin, on the land, the waterways and in the air," Ulbricht said.

"That can cause a conflict," he added. "But this conflict will mean less danger than the continued existence of the (West Berlin allied) war center."

Press officer Lincoln White spoke of "the increasing use of the big lie technique in the current campaign by the Cuban government."

Instead of pinning authorship on Castro, he said this particular "clever and unscrupulous forgery" was sufficiently authentic to have been prepared by Soviet or Red Chinese professionals rather than Castro's less-experienced hands.

He said a copy of the forgery was given to the department by a friendly Latin American, not identified; that the document was obviously intended for wide circulation in Latin America, and that it is apparently being distributed by Castro's press service, Prensa Latina.

Nixon Begins To Exercise Infected Leg

WASHINGTON (AP)—Vice President Richard M. Nixon Friday began exercising his infected left leg which doctors say has shown steady improvement since he was admitted to Walter Reed Army Hospital on Monday.

Herbert G. Klein, Nixon's press secretary, said the physical rehabilitation—mainly muscle flexing—is designed to strengthen the vice president's thigh muscles.

Nixon injured his left knee on a car door during his Greensboro, N.C., presidential campaign trip Aug. 17.

He was visited Friday by Sen. Democratic Leader Lyndon B. Johnson of Texas, the Democratic vice presidential candidate; Sen. Everett M. Dirksen of Illinois, the Senate Republican leader; and Secretary of the Interior Fred A. Seaton.

Johnson and Dirksen went to the hospital together for what they called a friendly chat with Nixon, who presides over the Senate.

Klein said a civilian doctor has been called into the case for consultation. He is Dr. Theodore Woodward, of the University of Maryland School of Medicine, an authority on treatment of viruses.

New Tropical Storm Sighted

SAN JUAN, P.R. (UPI)—Donna, a "severe hurricane" with winds of 135 miles per hour, was discovered in the South Atlantic Friday 1,200 miles east-southeast of San Juan, Puerto Rico.

The San Juan Weather Bureau said the direction of the season's fourth tropical storm was indefinite "but it appears to be moving towards the west-northwest at about 20 miles per hour."

Its center was estimated to be near 14.7 north latitude, and 49.3 west longitude at 6 p.m. e.d.t.

trayed as fearing friendship between Cuba and the Asian-African states and the strengthening of the Soviet Union and Red China in Latin America. They are pictured as advocating liquidation of the Castro regime, using "a blunt approach" if more devious means fail.

As for the Castro-sponsored conference itself, no one seems to know just exactly when it will take place. It has not been called off, but of all the nonindustrial nations invited so far only Indonesia and Egypt have agreed to show up.

SHOWERS and thundershowers are forecast for the southeastern and Gulf coast states, the Plateau region and the Rockies on Saturday. Cooler weather is due throughout the northeast and Great Lakes area. It'll be warmer in the Pacific Northwest, the Plains region and the southeast. (AP Wirephoto Map)

The Mississippi Valley through the south and central Rockies into southern Oregon and much of California. Variable cloudiness and sunshine over the middle and south Atlantic states was accompanied by a few thundershowers in Virginia and Florida. Spotty rain or showers occurred near the Texas coast as well as in southern Michigan and western Montana. Warm humid weather continued to prevail from the south Atlantic states into most of the plains. Temperatures in the 80s and 90s were reported over this area while mild readings in the 70s were observed from New England and Pennsylvania into the Great Lakes region. The 70s and 80s were common from the Rockies into the plateau region although the 90s were noted in the desert southwest. Temperatures in the 50s and 60s were reported in the Pacific northwest and extended southward along the California coast. Clear and cooler weather is expected over the middle and north Atlantic states today with sunny skies and pleasant temperatures in store for this area. Sunny skies are also in store from the Great Lakes region and Ohio Valley into Oklahoma and central plains as well as from the Pacific northwest into interior regions of central California. Showers and thundershowers may occur Saturday from the Rockies into southern California and from Texas into the south Atlantic states. Cooler weather is forecast from the eastern Ohio Valley into the Carolinas. Warmer temperatures are expected in the Pacific northwest.

Sunny skies are also in store from the Great Lakes region and Ohio Valley into Oklahoma and central plains as well as from the Pacific northwest into interior regions of central California. Showers and thundershowers may occur Saturday from the Rockies into southern California and from Texas into the south Atlantic states. Cooler weather is forecast from the eastern Ohio Valley into the Carolinas. Warmer temperatures are expected in the Pacific northwest.

According to one source, the United States is the first nation in the annals of history ever to attempt to substitute a man-made law for the law of nature which provides that every living creature, including mankind, has the right to choose its own associates. This law of nature never before has been defied by any country.
Our informant says that in all recorded history, going back more than 6,000 years, no king, no emperor, no dictator, no president, no government of any type whatever has ever before made mandatory by legislation, or executive or judicial decree the mixing and mingling of two different races until the infamous "black Monday" decision of the United States supreme court in 1954.
At that time, the supreme court, assuming the authority of a law-making body, which it did not have under the constitution of this country, ruled that races radically different in color, culture, education and habits must be thrown into forced daily close contact.
All creatures except mankind now possess and exercise the right of choice and separation into groups of their own kind and nature and characteristics. The United States supreme court, with the consent of congress, has taken this right away from the people of the United States. This has happened in the so-called "land of the free and the home of the brave."
Even in the recently-admitted state of Hawaii, where people of ever race and color mingle probably more freely than anywhere else in the world, there was no compulsion until that dependency came into the union. No barbaric nation, no communist country, such as Russia, with its ruthless dictatorship, no highly intellectual nation, such as ancient Greece, no African nation, such as those under British or French rule, ever decreed that man must defy the laws of nature by being forced to associate with those not of his own choosing—until the United States supreme court arbitrarily decided that so-called civil rights were paramount over natural human rights.
Many nations, including the

New Indian Sufferings

Almost since the time Christopher Columbus discovered America the Indians have been pushed around by members of the Caucasian race. Now they are about to lose their last straw-teepee, that is, Julian Zimmerman, big boss of the federal housing administration in Washington has announced with pride that the FHA is reaching out to provide FHA houses to the Navajo and Hopi Indians and that the agency has its eye on more of the noble tribesmen.
Indians have always wanted the right to do as they pleased. The greatest offense of the United States against these "original Americans" does not seem to be that we took some of the land they weren't using but that we have always told them what they had to do. Since the Indian has so long been imposed upon, it may be assumed that he will accept this last outrage philosophically.
Even so, his lot will be about the same as that of members of the Caucasian race, as they can't do anything about it either. Nature and laws seem to be decreeing more and more that everybody has to work—a terrific imposition on individual liberty.
Now that he is to live in an FHA-approved and mortgaged house, the Indian will learn that: he will have to do many things he previously didn't have to do.
No longer will he be able to sit in front of his wigwam selling Indian bead moccasins made in Japan. His 17 dogs will have to migrate.
When Uncle Sam decides to be Papa also and "gives" you houses and other things you have to pay

How Interesting
American People Mixed
Citizens Of Varied Origins, Of Diverse Regional Attitudes, Of Many Different Ideas And Purposes

A phrase, national purpose, comes into being and it is immediately picked up until it grows aged and outworn. But today, everybody uses this phrase, even the candidates for the presidency.
What can be meant by national purpose? It is as though we were a monolithic state, a homogeneous people, with a single concept, let us say, of world conquest or, conversely, of world peace. But truth to tell, we are not like that at all. We are a very mixed people, of many origins, of diverse regional attitudes, of many ideas and purposes. The idea of a national purpose, of a national goal, of a national target is entirely novel to our people, although there is a very firm statement of a national philosophy, issued before we became a nation. Vice President Nixon takes his theme for the national purpose from the Preamble of the Constitution and he states it to be: "Form a more perfect union. Establish justice. Insure domestic tranquility. Provide for the common defense. Promote the general welfare. Secure the blessings of liberty for ourselves and posterity."
The first of these, "Form a more perfect union," is not transcendental. We fought the War Between the States to solve that problem by demonstrating that a state once it became part of the United States could not leave it. During the Roosevelt administration, some of the New Dealers thought that states might just as well be abolished and the country divided into rational regions. Nothing came of that.
As for the next four ideas, all governments hold to them more or less, even the most unsatisfactory dictatorships. However, there are many different views as to what is good for the people because nobody really is sure. For instance, Harry Hopkins picked on the phrase, "Promote the general welfare" and tried to establish a social worker's welfare state, in which each individual would be looked after from the cradle to the grave. The looking after would be done by a vast horde of bureaucrats who would control the lives of the people.
As for the blessings of liberty, we are witnessing now the excesses to which those who are not ready for liberty can go. Cuba and Congo are only the worst examples. Liberty without responsibility, duty, respect, self-restraint can readily become anarchy.
A much better guide for an American is the Preamble to the Declaration of Independence which includes two basic propositions:
1. That every people is entitled to a government of its own choice;
2. That man is endowed with unalienable rights which are his by the grace of nature's God and nature's law.
The Declaration of Independence is written in philosophic terms. Its appeal is universal. It is not limited to any one country or any one people. It speaks in humanistic language but associates itself with the natural law which is God's revelation of a lawful and orderly life to man.
If the United States has a purpose, this then is its purpose, to establish that by accepting the natural law man can live in liberty in an orderly and lawful society; that nations need not be governed by tyrants or dictators or kings or even by democratic methods, but that each people that sets itself up as an independent state has the right to devise and select its own form of government and that no other nation has a right in a decent world to interfere with that choice.
Most of those who have written on the national purpose have avoided discussing the subject altogether. Between the War of 1812 and the Dred Scott Decision, this country was moving in the direction of nationalism. But the War Between the States established that the original concept of federalism still prevailed in many minds. This idea is currently called "states' rights," and is being rejuvenated in the south over the Negro question.
The balance between the states and the federal government has become upset. The result is that as the federal government grows stronger, the local governments grow weaker. This is even more true of municipalities which suffer from the extension of power and authority by both the federal and state governments.
Henry Luce's concept of an American purpose, which started these discussions, is like his former idea of an American era. It is idealistic and beautiful but in reality there is no such thing.

DR. PETER J. STEINCROHN
Merry-Go-Round
Woman Finds No Relief In Running From Doctor To Doctor

If you heard cries for help from a person hanging on a high cliff, yet were unable to come to his aid, you would feel frustrated, wouldn't you? That's how I feel about the following letter received this morning. All I can tell Mrs. S. is to hold on until help arrives. Which it does, in time, for many anxious persons.
Dear Dr. Steincrohn: Please, please, please can you help me? Doctor, I am frantic! I seem to be fighting a losing battle. Help myself! Help myself! Fight! Fight! But how? how?
Doctor Steincrohn, is there something wrong with me mentally? Sometimes I think I must be going crazy. I don't know whether I can put it into words on paper or not. First, I've never written to a stranger before. But I've read your column so long now, I feel we aren't strangers.
I feel like I'm in Dante's Inferno reaching, groping for help, health and happiness. I've done nothing for the past five years except run to one doctor after another, loading my poor husband down with doctor and medical bills.
We have three children (17, 16 and 11). I have been having pains in my left chest and just know it's all due to my heart—in spite of all reassurance to the contrary. I have had X-rays, fluoroscopies, CCG's and other tests—all negative. But when my heart gets to pounding I can't believe it's "all due to nerves."
I was referred to a psychiatrist. He talked to me for several weeks. He suggested that I go back to my church, which I tried, but lost all interest. He suggested I go to work which also proved futile. I had to stop going to the psychiatrist as my husband can't afford long drawn out treatments—as he is only a laborer, and it isn't fair to keep him in debt.
I haven't been to a doctor in the past number of months and have been taking down and tranquilizers to act as a temporary crutch. Lately I have had pain in my arms, back and chest. So I again went to another doctor. As I am 41 he gave me some shots of estrogen, thinking it might be my change. But they haven't helped.
I weigh only 85-90 pounds and look anemic so he gave me liver and iron. But the pains are worse. I'm so shaky I feel like jelly. I went to him in a hurry last Sunday because my heart was pounding so. He listened carefully, and told me to relax. How? My dad

Sylvia Porter
New Bond Offer
Proposal At Higher Rates Called Robbery, Raid On Treasury

This is "robbery in broad daylight" — a raid on the treasury — the likes of which has never been seen before. This smacks of "another Teapot Dome" — Thus three Democratic congressmen from Wisconsin, Colorado and Oklahoma a few days ago denounced the U. S. treasury's intention to offer new higher-coupon bonds directly to owners of several billion dollars of low-income bonds sold during World War II and, by so doing, to give these owners a sufficient annual income to keep them as owners of U. S. government securities through many more years ahead.
The House Democrats, I assume, are entirely sincere in their criticisms, but I presume, as a lifelong student of U. S. Government finance, to criticize them right back as way off base. And if there is a large dose of politics in their denunciations, I submit that proper management of our public debt is entirely too crucial to our ability to control future inflation and to the precious soundness and reputation of the U. S. dollar to be dragged into campaign politics.
None of this story has been generally reported so far, nor has the treasury yet made its bond offer. But an offer is scheduled in the very near future; so here, in simplest words, is the tale.
Back in the World War II years of the 1940s, the treasury sold billions of dollars of bonds paying 2 1/2 per cent interest a year, costing \$1,000 per bond and due to be paid off in the late 1960s and early 1970s at \$1,000 per bond. These 2 1/2s were bought by financial institutions, trusts, individuals, etc., the country over.
As interest rates have soared in recent years to the point where even an ordinary savings bank depositor can get a lot more than 2 1/2 per cent interest a year on his cash, these war-issued bonds have slumped far below their issue price. Their original buyers are extremely unhappy about their ownership, but most are "looked in" either because they don't want to or can't afford to take the loss involved in a sale. As the securities near their maturity dates and rise their maturity value, they'll back toward \$1,000 a bond, they'll unload as fast as they can. The treasury's problem of managing the debt a few years from now could make even the agony of Treasury Secretary Anderson during the "tight money" squeeze of 1959 appear a comparative cinch.
But trends suddenly have turned in the treasury's favor as a result of the slowdown in business, the easing of money. Under today's tax laws, regulations and interest rate structure, Anderson finally can issue new bonds maturing years from now and coax holders of the 2 1/2s to exchange into them now and to stay indefinitely in U. S. securities. The technical name for the procedure is "advance refunding," and it's not a new technique. It has been used by other nations.
The Treasury won't be borrowing new cash and absorbing funds that might go into home or business loans and stimulate the economy; it is exchanging one bond for another. It doesn't have to issue much higher coupon bonds to get results; many owners of the 2 1/2s will willingly replace them with 3 1/4 or 3 1/2 per cent bonds.
The Democratic critics charge that this will add to the cost of the debt. Yes, but the added cost is dwarfed by the advantages of the move. They charge the Treasury is voluntarily paying a higher rate. Yes, but that's essential if the Treasury is to keep bona fide investors in its securities — and actually, it's only fair to the investors.
This isn't "robbery" or a "raid." It's sound management of the public debt and a common sense move.
If you own any of these World War II bonds, get in touch with your banker at once, tell him so, ask him to inform you if and when an exchange offer is made for your bonds so you can make an intelligent decision on what's the most advantageous move for you.

HOLMES ALEXANDER
Ask Colonialism
Allies Believe Americans Should Think Like Europeans

HOMEWARD BOUND — "I never thought of thinking for myself at all," sings the famous comic opera politician in "Pinafore." The same lines could be applied, in all seriousness, to European ideas of how the United States ought to behave in its NATO and Common Market role.
Europe expects us to think "European." We have been such advocates and supporters of European Federation that the French, Belgians, Germans and the rest are now demanding a shift in loyalty which would carry with it a certain re-evaluation of American ideals.
For example, Europeans have almost universally condemned the lingering American animosity toward colonialism. It does not seem to matter over here that the U. S. was founded on a belief that Governments are instituted among men for the chief purpose of safeguarding certain inalienable rights, and derive their just powers from the consent of the governed. These are now considered as naive ideals of youth which should be replaced by worldly realism.
Take these as covering thoughts, and you will find them applicable to just about all the recent and current events of the continent. The Belgian Congo? Regardless of the moral and political judgments, the U. S. should have behaved like good Europeans and backed the Belgian position. "Think of the pleasure it gave Khrushchev!" was the way this reporter was upbraided for his country's somewhat equivocal position in the U. N.
It is the same with the Franco-Algerian problem. There are several million Frenchmen with whom it will certainly go very hard if French troops are withdrawn before Algeria is restored to order with eventual self-determination. The matter is highly complicated, so much so that Americans at home can hardly be expected to understand it any better than Europeans understand our politics. But among friends it is permissible to apply some general philosophy or even some unashamed prejudice, as a substitute for specific knowledge.
Thus, in the Algerian affair, Americans are apt to think of our preambles and examples — our withdrawal, for instance, from Cuba and the Philippines. But this is entirely unsatisfactory to our NATO partners. Better that we think not at all! Or if at all, think European!
Such an adjustment, needless to say, is all but impossible in Americans. We are unstructured thinkers and speakers, to a degree that shows up each session of Congress between the North and South, and each election year between the opposing parties. It is hard enough for us to "think American," except in wartime, and no large number of us are going to submerge our ideas in European integration.
But Europeans nurse a hope, I gather, that new leadership will show the way. They would like it fine if the incoming Administration in January works up a stronger European accent than the Eisenhower regime. Europe has not expressed, as yet, a fixed preference between Vice President Nixon and Senator Kennedy,

Students Like Discipline, Speaker Says

"Students like discipline, especially when they feel that the teacher is genuinely fond of them," declared William E. McDowell, sales training supervisor, Frostcraft Division of Olin Mathieson Chemical Corporation, as he addressed the Ouachita Parish teachers in their pre-school workshop at Ouachita Parish High School yesterday.

The topic of the speech, which climaxed the two-day professional meeting, was "A Parent Speaks about Teaching."

Built around what teachers owe parents and pupils, in return, the talk preceded a joint Ouachita Teachers Association and Ouachita Classroom Teachers meeting.

McDowell illustrated that teachers are obligated to "master the subject areas in which they teach" and to make "adequate" preparation prior to class activity.

He added that a teacher should have a "fondness for youth, should maintain impartiality, refrain from sarcasm, and maintain discipline within the classroom."

Further, he should keep the parent posted on the student's progress.

On the other hand, citizens should respect the teaching profession. They, in turn, explained McDowell, should have an interest in the pupil's classroom activity and should display that interest to the teacher. An adequate salary that would make it possible for a teacher to support his family without the need of part-time work should be given the teacher by the citizens, he commented.

"Schools are not what teachers make them, but what citizens make them," ended McDowell.

Aerialist Dies Following Fall

CHARLOTTE, Mich. (UPI)—An elderly aerialist was killed and his teen-aged daughter was badly injured Friday when the father plunged to the ground from a high trapeze tower before a horror-stricken crowd at the Eaton County 4-H fair.

David Winnie, 67, and his daughter had just finished their act and were descending a 70-foot tower when Winnie apparently slipped and fell.

The daughter, Patsy, 17, who was below him on the tower, was knocked from the tower by her father's hurtling body as the crowd of 1,500 screamed in shock. Winnie died on the way to a hospital. His daughter was reported in fair condition.

Hold Intruder After Found In Monroe Home

Monroe police arrested a 50-year-old Pineville man last night, charging him with trespassing, disturbing the peace, resisting arrest and simple assault.

Lawrence Basco was arrested at 9 p.m. at the home of the Huey P. Johnsons, 1500 Cole Av. Investigating officers were called to the Johnson home by Mrs. Johnson who stated that she and her husband had just returned home and found a man in their home.

Officers found Johnson holding a gun on Basco.

According to reports, Basco tried to pull a knife on the investigating policemen after they had told Johnson to put his gun away. Basco is being held in the city jail.

Wreck Victim Listed Critical By Hospital

FERRIDAY (Special) — A Spokane community man was still listed in critical condition by Natchez hospital officials last night, following injuries he received in a truck-car collision on the Ferriday - Waterproof highway Thursday.

Percy L. Craft, 69, received hip, shoulder, jaw and possible internal injuries when his automobile collided with a bottled gas truck driven by James Lowry, 48, of Clayton.

According to one witness, Craft was traveling north towards Waterproof when the door of his car opened and as he reached to close it, his car veered into the oncoming truck.

Lowry was uninjured, Craft was first taken to the Ferriday clinic for treatment and later taken to the Natchez hospital.

Finland Cheers Soviet Premier

HELSINKI, Finland (AP)—Soviet Premier Nikita Khrushchev, jaunty and jovial, came to wish President Urho Kekkonen a happy birthday Friday and won cheers and smiles from Finnish crowds. The Kremlin leader declared there was nothing secret about the purpose of his visit. "We only came to see a good neighbor," he said.

Khrushchev rolled in on a special green train with a yellow and red engine. He seemed in a good mood despite the fact that Western world political leaders were showing no signs of joining his boom for a new summit round at the United Nations in New York after the fiasco at Paris in mid-May.

Khrushchev and the leaders of Communist members of the United Nations have announced they will head delegations to the General Assembly opening in New York Sept. 20.

Siamese Twins Born To Couple

CHICAGO (UPI) — Siamese twin boys were born to a South Bend, Ind., couple Friday and examination by doctors at a hospital here showed that successful separation was impossible.

The children were born to Mrs. Sandra Wozniak, 23, at South Bend about 1:45 a.m. and were brought to Children's Memorial Hospital here in the early afternoon.

Tests on the boys, joined face to face at the chest and the abdomen, were begun immediately and preliminary examination by doctors showed that between them they had but one heart and one liver. There were two gastro-intestinal tracts, but these also were linked.

"Surgery is out of the question," said a public relations spokesman at the hospital.

THE WONDERFUL WORLD of words opens up for 7-year-old Jean Wilson who beat the 50-50 odds given by Tampa, Fla., physicians that she wouldn't live to go to school at all. As an infant she would lapse into a sleep and could not be aroused. An operation to remove her spleen, numerous transfusions of rare rh negative factor blood, and "the help of Jesus," finally pulled her through the critical period, her mother, Mrs. Bobbie Wilson, said. Though somewhat thin and wistful appearing, she was thrilled with the prospect of learning how to read in her first day of school this week. (AP Wirephoto)

Judge Orders Minister Jailed

BESSEMER, Ala. (AP) — A Methodist minister was jailed Friday for what a judge said was refusing to give satisfactory answers in a grand jury investigation of the New York Times' account of racial conflict in the Birmingham area.

Meanwhile, a federal judge in nearby Birmingham ruled that libel suits totaling \$3,100,000 against the Times may be tried in Alabama, pending possible appeal by the newspaper.

The libel actions and the grand jury investigation stem from a series of articles published in the Times last April dealing with race relations. They were written under the byline of Harrison Salisbury.

Jailed Friday was the Rev. Robert E. Hughes, who also is executive director of the Alabama Council on Human Rights. He had appeared before the grand jury under a subpoena demanding that he bare the financial records of his organization.

Ike Signs Bills, One Is Vetoed

WASHINGTON (UPI) — President Eisenhower signed 41 bills Friday and vetoed one, a measure to subsidize small producers of lead and zinc.

There were 53 bills at the White House still awaiting his approval or rejection and 75 more which the White House has not yet received from Congress even though they were passed before the lawmakers adjourned Thursday night. Of the untransmitted bills, 33 were Senate measures and 42 house matters. These, plus the 53 already at the White House but not acted upon left a total of 128 bills awaiting a presidential decision.

Polaris Missile Test Is Success

CAPE CANAVERAL, Fla. (UPI) — America's Polaris missile, described by one naval official as "too new in its military sense to be in the dictionary," soared 1,300 miles to a watery target north of Puerto Rico Friday.

The test was the second success in as many tries at the 1,300-mile range, less than 100 miles short of the ability that will be built into war-ready Polaris scheduled to go on duty this year aboard nuclear submarines.

West Leaders May Boycott U.N. Meeting

WASHINGTON (AP)—Western summit leaders were reported likely Friday to boycott Soviet Premier Nikita Khrushchev's appearance before the United Nations General Assembly.

The Western cold shoulder appeared to be shaping up as a calculated rebuff to what is viewed as Khrushchev's cynical move to turn the session into a gigantic propaganda circus.

President Eisenhower almost certainly will go to New York later, however, to deliver what will amount to a combined Allied reply to any of Khrushchev's taunts and boasts. Most officials expect Khrushchev will stay only a few days.

The Allied attitude was made known a few hours after Khrushchev arriving in Finland for a visit, was quoted as saying "it would be good" if Eisenhower showed up along with Britain's Prime Minister Harold Macmillan.

Authoritative informants quickly made it plain that Western leaders at present have no plan of obliging Khrushchev in this way—especially in view of the bitter anti-Western campaign he has conducted since torpedoing the May summit conference.

John D. Green Rites Scheduled

John D. Green, 83, died Friday morning at his home on Green Road, off the Arkansas Road, following a long illness.

He was a retired farmer and a native of Union Parish. He had resided in Ouachita Parish for 40 years.

The body will lie in state at the funeral home until time for services at the chapel of Hixson Brothers at 2 p.m. Sunday with the Revs. E. L. Tanner and Connie Ward, officiating. Burial will be in Chapel Hill Cemetery.

Survivors include his widow, Mrs. Susan A. Green, West Monroe; five sons, Elvin Green, Monroe; Edwin Green, Pennsylvania; Alton Green, Electra, Texas; Robin and Arthur Green, both of West Monroe; three daughters, Mrs. Johnnie May Littleton, West Monroe; Mrs. Eunice Overbeck, Los Angeles, Calif.; Mrs. Thelma Sager, West Monroe; three sisters, Mrs. Clara Gilliland, Mrs. U. P. Evans, Mrs. Ella Heard, all of West Monroe; 16 grandchildren, one great, great-grandchild, five great-grandchildren.

Name Assistant Dean Of Men At Louisiana Tech

RUSTON (Special) — E. S. (Sparky) Foster, formerly of Jonesboro, has been appointed assistant to the dean of men at Louisiana Tech, which is a new position. He has begun his duties at the college here.

Following his graduation from Tech in January of 1953, Foster served as field executive for the Boys Scouts of the Ouachita Council.

Later he taught mathematics and coached at Weston High School for two years. Recently he taught chemistry and physics and coached at the Jonesboro - Hodge High School.

Foster's wife is the former Gwen McDonald, a Tech graduate. They are the parents of a son, Dennis.

Dr. Townsend Funeral Slated

LOS ANGELES (AP)—Funeral services are scheduled Tuesday for Dr. Francis E. Townsend, vigorous champion of the elderly whose old-age pension clubs were a highlight of the depression years.

Dr. Townsend, 93, died in St. Vincent's Hospital Thursday night of pneumonia. He never lost hope that the federal program he advocated would eventually find congressional favor.

Some of his old-age clubs, which once claimed 30 million members, are still active. Dr. Townsend toured them only last month.

Public Works Bill Is Signed
WASHINGTON (AP) — President Eisenhower Friday signed a four-billion-dollar public works appropriation bill similar to one he vetoed a year ago.

The measure provides money to be used by army engineers and the reclamation bureau in planning and building various water projects in virtually all states. The biggest chunk, about \$2,600,000, goes to the Atomic Energy Commission.

Rodriguez Says Will Limit News To Once Weekly

Monroe Street Commissioner W. D. H. Rodriguez said Friday that he is going to give the public news on his department and street work "once a week" from now on.

The public official refused to comment on whether DeSiard Street construction is progressing according to schedule.

Rodriguez said that he would give interviews to the press "one day a week from now on. An interview every day takes up too much time."

The decision was made during the second interview of the past week. Rodriguez was out of town and unavailable for interview Wednesday and Thursday.

Four Fined; 2 Not Guilty In Court Action

Four persons drew fines, and two were found not guilty in West Monroe city court yesterday. Drawing fines for running a red light were Ralph W. Brown Jr. of 3406 Polk St., Monroe, \$5 and costs; and Dixie S. Robinson, 54, of Jackson, Miss., \$5.30.

Thomas G. Block, 35, of 118 Bell Lane, was fined \$3 for disturbing the peace and Johnny G. Poole, 19, was fined \$3 for running a stop sign.

Willie Dorch, of Remus Street, was found not guilty on a simple battery charge and H. H. Hobbs was found not guilty on an aggravated battery charge.

Students Like Discipline, Speaker Says

"Students like discipline, especially when they feel that the teacher is genuinely fond of them," declared William E. McDowell, sales training supervisor, Frostrcraft Division of Olin Mathieson Chemical Corporation, as he addressed the Ouachita Parish teachers in their pre-school workshop at Ouachita Parish High School yesterday.

The topic of the speech, which climaxed the two-day professional meeting, was "A Parent Speaks about Teaching."

Built around what teachers owe parents and pupils and what parents and pupils, in return, owe teachers, the talk preceded a joint Ouachita Teachers Association and Ouachita Classroom Teachers meeting.

McDowell illustrated that teachers are obligated to "master the subject areas in which they teach" and to make "adequate" preparation prior to class activity.

He added that a teacher should have a "fondness for youth, should maintain impartiality, refrain from sarcasm, and maintain discipline within the classroom."

Further, he should keep the parent posted on the student's progress.

On the other hand, citizens should respect the teaching profession. They, in turn, explained McDowell, should have an interest in the pupil's classroom activity and should display that interest to the teacher. An adequate salary that would make it possible for a teacher to support his family without the need of part-time work should be given the teacher by the citizens, he commented.

"Schools are not what teachers make them, but what citizens make them," ended McDowell.

Hold Intruder After Found In Monroe Home

Monroe police arrested a 50-year-old Pineville man last night, charging him with trespassing, disturbing the peace, resisting arrest and simple assault.

Lawrence Basco was arrested at 9 p.m. at the home of Huey P. Johnson's, 1500 Cole Ave. Investigating officers were called to the Johnson home by Mrs. Johnson who stated that she and her husband had just returned home and found a man in their home.

Officers found Johnson holding a gun on Basco.

According to reports, Basco tried to pull a knife on the investigating policemen after they had told Johnson to put his gun away. Basco is being held in the city jail.

Wreck Victim Listed Critical By Hospital

FERRIDAY (Special) — A Spoken community man was still listed in critical condition by Natchez hospital officials last night, following injuries he received in a truck-car collision on the Ferriday - Waterproof highway Thursday.

Percy L. Craft, 69, received hip, shoulder, jaw and possible internal injuries when his automobile collided with a bottled gas truck driven by James Lowry, 48, of Clayton.

According to one witness, Craft was traveling north towards Waterproof when the door of his car opened and as he reached to close it, his car veered into the oncoming truck.

Lowry was uninjured. Craft was first taken to the Ferriday clinic for treatment and later taken to the Natchez hospital.

Finland Cheers Soviet Premier

HELSINKI, Finland (AP)—Soviet Premier Nikita Khrushchev, jaunty and jovial, came to wish President Urho Kekkonen a happy birthday Friday and won cheers and smiles from Finnish crowds.

The Kremlin leader declared there was nothing secret about the purpose of his visit. "We only came to see a good neighbor," he said.

Khrushchev rolled in on a special green train with a yellow and red engine. He seemed in a good mood despite the fact that Western world political leaders were showing no signs of joining his book for a new summit round at the United Nations in New York after the fiasco at Paris in mid-May.

Khrushchev and the leaders of Communist members of the United Nations have announced they will head delegations to the General Assembly opening in New York Sept. 20.

Siamese Twins Born To Couple

CHICAGO (UPI) — Siamese twin boys were born to a South Bend, Ind., couple Friday and examination by doctors at a hospital here showed that successful separation was impossible.

The children were born to Mrs. Sandra Wozniak, 23, at South Bend about 1:45 a.m. and were brought to Children's Memorial Hospital here in the early afternoon.

Tests on the boys, joined face to face at the chest and the abdomen, were begun immediately and preliminary examination by doctors showed that between them they had but one heart and one liver. There were two gastro-intestinal tracts, but these also were linked.

"Surgery is out of the question," said a public relations spokesman at the hospital.

THE WONDERFUL WORLD of words opens up for 7-year-old Jean Wilson who beat the 50-50 odds given by Tampa, Fla., physicians that she wouldn't live to go to school at all. As an infant she would lapse into a sleep and could not be aroused. An operation to remove her spleen, numerous transfusions of rare rh negative factor blood, and "the help of Jesus," finally pulled her through the critical period, her mother, Mrs. Bobbie Wilson, said. Though somewhat thin and wistful appearing, she was thrilled with the prospect of learning how to read in her first day of school this week. (AP Wirephoto)

Judge Orders Minister Jailed

BESSEMER, Ala. (AP) — A Methodist minister was jailed Friday for what a judge said was refusing to give satisfactory answers in a grand jury investigation of the New York Times' account of racial conflict in the Birmingham area.

Meanwhile, a federal judge in nearby Birmingham ruled that libel suits totaling \$3,100,000 against the Times may be tried in Alabama, pending possible appeal by the newspaper.

The libel actions and the grand jury investigation stem from a series of articles published in the Times last April dealing with race relations. They were written under the byline of Harrison Salisbury.

Jailed Friday was the Rev. Robert E. Hughes, who also is executive director of the Alabama Council on Human Rights. He had appeared before the grand jury under a subpoena demanding that he bare the financial records of his organization.

Ike Signs Bills, One Is Vetoed

WASHINGTON (UPI) — President Eisenhower signed 41 bills Friday and vetoed one, a measure to subsidize small producers of lead and zinc.

There were 33 bills at the White House still awaiting his approval or rejection and 75 more which the White House has not yet received from Congress even though they were passed before the lawmakers adjourned Thursday night.

Of the untransmitted bills, 33 were Senate measures and 42 House matters. These, plus the 33 already at the White House but not acted upon left a total of 123 bills awaiting a presidential decision.

Polaris Missile Test Is Success

CAPE CANAVERAL, Fla. (UPI) — America's Polaris missile, described by one naval official as "too new in its military sense to be in the dictionary," soared 1,300 miles to a watery target north of Puerto Rico Friday.

The test was the second success in as many tries at the 1,300-mile range, less than 100 miles short of the ability that will be built into war-ready Polaris scheduled to go on duty this year aboard nuclear submarines.

Name Assistant Dean Of Men At Louisiana Tech

RUSTON (Special) — E. S. (Sparky) Foster, formerly of Jonesboro, has been appointed assistant to the dean of men at Louisiana Tech, which is a new position. He has begun his duties at the college here.

Following his graduation from Tech in January of 1953, Foster served as field executive for the Boys Scouts of the Ouachita Council.

Later he taught mathematics and coached at Weston High School for two years. Recently he taught chemistry and physics and coached at the Jonesboro - Hodge High School.

Foster's wife is the former Gwen McDonald, a Tech graduate. They are the parents of a son, Dennis.

Dr. Townsend Funeral Slated

LOS ANGELES (AP)—Funeral services are scheduled Tuesday for Dr. Francis E. Townsend, vigorous champion of the elderly whose old-age pension clubs were a highlight of the depression years.

Dr. Townsend, 93, died in St. Vincent's Hospital Thursday night of pneumonia. He never lost hope that the federal program he advocated would eventually find congressional favor.

Some of his old-age clubs, which once claimed 30 million members, are still active. Dr. Townsend toured them only last month.

Stolen Goods Charges Made

The Ouachita Parish Sheriff's Department is holding Clarence J. Jenkins, Delta Club operator, on a charge of receiving stolen goods.

Officers said that Jenkins was in possession of a 5-horsepower engine, valued at \$200, which had been stolen.

Ike On The U.N.

WASHINGTON (UPI) — A White House spokesman said today that the question of whether President Eisenhower should attend any session of the United Nations General Assembly "is always under consideration."

West Leaders May Boycott U.N. Meeting

WASHINGTON (AP)—Western summit leaders were reported likely Friday to boycott Soviet Premier Nikita Khrushchev's appearance before the United Nations General Assembly.

The Western cold shoulder appeared to be shaping up as a calculated rebuff to what is viewed as Khrushchev's cynical move to turn the session into a gigantic propaganda circus.

President Eisenhower almost certainly will go to New York later, however, to deliver what will amount to a combined Allied reply to any of Khrushchev's taunts and boasts. Most officials expect Khrushchev will stay only a few days.

The Allied attitude was made known a few hours after Khrushchev arriving in Finland for a visit, was quoted as saying "it would be good" if Eisenhower showed up along with Britain's Prime Minister Harold Macmillan.

Authoritative informants quickly made it plain that Western leaders at present have no plan of obliging Khrushchev in this way—especially in view of the bitter anti-Western campaign he has conducted since torpedoing the May summit conference.

John D. Green Rites Scheduled

John D. Green, 63, died Friday morning at his home on Green Road, off the Arkansas Road, following a long illness.

He was a retired farmer and a native of Union Parish. He had resided in Ouachita Parish for 40 years.

The body will lie in state at the funeral home until time for services at the chapel of Hixon Brothers at 2 p.m. Sunday with the Revs. E. L. Tanner and Connie Ward, officiating. Burial will be in Chapel Hill Cemetery.

Aerialist Dies Following Fall

CHARLOTTE, Mich. (UPI)—An elderly aerialist was killed and his teen-aged daughter was badly injured Friday when the plunged to the ground from a high trapeze tower before a horror-stricken crowd at the Eaton County 4-H fair.

David Winnie, 67, and his daughter had just finished their act and were descending a 70-foot tower when Winnie apparently slipped and fell.

The daughter, Patsy, 17, who was below him on the tower, was knocked from the tower by her father's hurtling body as the crowd of 1,500 screamed in shock. Winnie died on the way to a hospital. His daughter was reported in fair condition.

CLOTHES MAKE YOUR MAN

He Feels Cramped
In The Continental

By HARRY JUSTER
DEAR MR. JUSTER: Your constant comments about the style change the Continental has created convinced me that maybe I'm missing something. So I visited a shop near the office. You're right, what a change! Every suit was so tight I felt as though I had

been shoved into a pipe with my head and feet sticking out at each end. I'll stay to the old-fashioned kind. At least I can breathe.

Hank
Just where did you shop? One other constant comment you must have missed — avoid extremes of any style. You undoubtedly were exposed to freak conceptions of the Continental, designed for that fringe group whose idea of smartness is to resemble a beet in a grape skin! Check the sensible interpretations. I think you'll like the comfort and the fresh silhouette.

DEAR MR. JUSTER: Are the boys at college really going to wear those "horse blanket" looking suits this fall and showed me an article on campus clothes. One of the items featured were these big heavy plaids. Before he buys any slacks like these, we would like your opinion.

Mrs. F. G.
No question, plaids of all types — softly muted, miniature size, bold, big and colorful — will decorate the campus scene. The same goes for checks. As for the "horsy" look, that will appeal to the more daring. Personally, I would confine this heavy block pattern to the blankets used at football games.

DEAR MR. JUSTER: As a high school teacher, I am limited in financial expenditures. My clothes knowledge is somewhat limited as well. For that reason your advice would be welcomed regarding a much needed wardrobe. What style and number of suits? Continental, Ivy or traditional? I'm 5 feet, 11 inches and weigh 175.

R.W.
If your budget permits, I would suggest: (1) a natural shoulder, or traditional as you call it, trim, three-button model in a twist or cheviot. These are very serviceable (2) the natural again (a good model for you) in a worsted shetland or saxony. The coat of this softer textured fabric can double as a sport jacket. (3) a Continental in black or dark gray for dress up.

DEAR MR. JUSTER: I read your column on clothes and appearance regularly. My husband's appearance suffers because of thinning hair. He is only 23 and is starting to get bald. Is there any way to prevent this? I am sure he will do anything you suggest.

Mrs. A. H.
I wish I could give you some simple cure. Unfortunately, there isn't. Baldness can be caused by any number of reasons. The wisest thing he can do is to visit a dermatologist to determine whether his hair can be saved.

TIP FOR THE DAY
Keep Shirts Clean
If you're packing a few wash and wear shirts for that trip over Labor Day, here's a suggestion. Before hanging to drip-dry, drape a terry towel around the hanger. This will help shape the collar and keep your shirt from being soiled by a dirty or rusted hanger.

W. K. B. writes: My son-in-law was bitten by a rat two weeks ago. His fingers are stiff and swollen and the glands in the armpits are enlarged. Is this a serious condition?
REPLY
Yes. He should see his physician because he may have a local infection with lymphangitis (blood poisoning) or rat bite fever.

CIRRHOSIS OF LIVER
J. B. writes: Is cirrhosis of the liver actually cancer?
REPLY
No. The ordinary type of cirrhosis is caused by destruction of the liver cells, that are replaced with scar tissue. In some instances, however, the cirrhotic liver undergoes cancerous degeneration. Send a stamped, self-addressed envelope for leaflet on cirrhosis of the liver.

CARBON MONOXIDE
P. H. writes: If a person recovers from acute carbon monoxide poisoning, are any of his organs left damaged from the attack?
REPLY
The brain may suffer residual damage after a severe and prolonged attack of poisoning.

AN INNER FOLD
G. W. F. writes: What is the omentum?
REPLY
An apron or fold of tissue in the abdomen that hangs from the

stomach and connects with other organs. The fat that collects on the omentum makes good insulation but the fold has no definite function.

State Channel

Project Okayed

By Engineers

WASHINGTON (AP) — The

Vicksburg division engineer of the

Corps of Army Engineers has recom-

mended a 40-foot channel in the

Mississippi River between Baton

Rouge and the mouth of the river.

Aides to Sen. Allen Ellender and

Russell Long of Louisiana said

they were informed the favorable

recommendation of Maj. Gen. T.

A. Lane, the division engineer,

would be referred to the board of

engineers for rivers and harbors

here.

The report recommends modifi-

cation of the present river plan

to provide a channel 40 feet deep

by 500 feet wide from one-tenth

mile below the Louisiana High-

way Commission bridge at Baton

Rouge to the upper limits of the

port of New Orleans. Also recom-

mended are a channel 40-by-500

feet within the presently author-

ized 35-by-1500 foot channel in the

port limits of New Orleans.

A 35-foot channel now is author-

ized.

The estimated cost of construction

is \$376,900, with an annual

maintenance dredging cost of

\$275,000.

If approved by the board of en-

gineers for rivers and harbors

here, the report would go to the

chief of Army engineers. He would

send it to Congress with his com-

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

VOICE OF BROADWAY

BY DORTHY KILGALLEN

(Dorothy Kilgallen is on vacation. Her guest columnist today is opera star Dorothy Kirsten.)

There is a story of the young Italian baritone singing the prologue to "Pagliacci" before an audience in one of the smaller opera houses of Italy to the accompaniment of boos, cat-calls and tomato-throwing.

In desperation he finally put up his hand to silence the audience. "If you think I'm bad," he exclaimed, "wait until you hear the tenor!"

It's an amusing little story of a baritone who has made quite a name for himself by now, but much more important than that it shows that other countries give their young singers a chance to work their way up from the bottom and that despite bad initial performances these singers do not inevitably fail.

By the same token we must ask ourselves whether our country is doing all it should to develop, help and launch its native singing talent in the classical field.

True enough, we are planning and building new art centers in various parts of the country. We hope that they will be shining examples to the rest of the world. But the question arises whether they will solve the problem of finding the training ground for the young American talents, whether these music temples will be the showcases not merely for the artists who have arrived but also for those who must develop into musicians of world-caliber.

My suspicion is that the picture, as it exists today, doesn't offer much encouragement for the future. America is little concerned with the careers of the embryo musicians. True enough, such talents are advised to study here, because today we have the finest teachers in the world. But then, when a talent should get the encouragement to show and develop his craft, we often turn our backs with the advice, "go to Europe and gain experience there first." Usually the excuse is that we lack a quantity of opera houses and the explanation that in most European countries there are innumerable more professional opera companies. This is unquestionably true, but still

CONTROVERSY ENDS

Indians To Get Separate School

LILLINGTON, N.C. (AP)—The Hartnett County Board of Education agreed Friday to provide a separate high school for Indians who have sought admission to the all-white Dunn High School.

A controversy between the two sides was resolved when the Indians promised to obey a court order prohibiting them from staging demonstrations at Dunn High School.

The Indians protested their children now must travel 72 miles daily to the nearest Indian high school. They said they preferred a school of their own rather than admittance to the white high school.

Under the agreement, the school would either be a new building or an addition to an existing elementary school for Indians. The agreement was announced at the start of a court hearing before Superior Court Judge W.H. S. Burgwyn.

Under the agreement, five Indians who were arrested Thursday and charged with violating a court restraining order were found innocent of contempt of court.

Charles L. Dean, attorney representing the board of education, said the Indians agreed to cease their picketing and sit-in tactics at the Dunn school.

The restraining order issued by Judge Burgwyn late Wednesday was made permanent without further hearing as another part of the agreement.

Under the agreement, the restraining order will be amended to forbid interference by the Indians with the operation of a school bus to the Eastern Carolina Indian School in Sampson County. The school bus was dynamited last New Year's Eve in protest of the long trip.

The Indians claim the round trip distance to the Sampson school is 72 miles, but other sources contend it is closer to 50 miles.

U.S. Cuts Off Flow Of Jeeps, Trucks To Cuba

WASHINGTON (AP)—The government Friday cracked down on exports of jeeps and trucks to Cuba and the Dominican Republic, saying it wants to block shipments which might be used for military purposes.

The Commerce Department's Bureau of Foreign Commerce said individual export licenses henceforth will be required before any jeeps and trucks may be shipped to the two Caribbean countries.

The order also applied to all motor vehicle parts except those designed exclusively for passenger cars, buses and trailers.

In the past, American businessmen could ship jeeps, trucks and parts to the two countries without government approval in advance.

A brief Commerce Department announcement said the new order will provide "an opportunity to review shipments of these items in order to prevent export for possible military purposes."

Jurors OK Purchases For Highways

The purchasing committee of the Ouachita police jury Friday approved purchase of 16 tires and tubes for the parish highway department.

A. E. Montgomery Sr., committee chairman and ward 10 payment of bills at the Sept. 13 session in the jury office at the courthouse.

Jurors are slated to approve payment of bills at the Sept. 13 finance committee meeting attended by all 16 jurors.

Tires to be purchased include: three 1800 by 24 tires and tubes for graders; three 750 by 20 tires and tubes for trucks; three 600 by 16 tires and tubes and three 670 by 15 tires and tubes for pickup trucks; two 800 by 14 tires and tubes for cars; two 500 by 15 tires and tubes for mopeds.

Other purchases for the highway department are: 12 sets of drag blades for graders; six sets of teeth for cement machines; three truck-loads of asphalt and 21 truckloads of cement.

Jurors L. B. Pettit, ward three; W. O. Roberts, ward seven and L. U. Fourmy, ward 10 attended the session.

They approved purchase of supplies for the police jury office, agriculture building, juvenile office, registrar of voters office, courthouse and jail.

SHE'S AMAZED

Russians Claim Blonde U.S. Spy

NEW YORK (UPI)—A blonde, shapely former guide at the U.S. exhibit in Moscow arrived at New York International Airport Friday to learn she had been accused by the Soviet Union of spy activities.

Pretty Joan Bart, 26, of New York City, a graduate student in political science at Radcliffe College, Cambridge, Mass., said: "I am amazed and distressed. This is a bombshell. There is absolutely no truth in it."

The charges appeared Thursday in young Communist league newspaper, Komsomolskaya Pravda. She was accused of giving 25 tickets to last year's exhibition and American books and magazines to Vyacheslav Repnikov. In return, it was charged, she sought secret information on the location of scientific institutions, systems of registration of reserve officers and details of economic life on collective farms in the Tula region.

Miss Bart said it was her third visit to the Soviet Union. During her second visit she served as a guide and the third ended on Aug. 7 when she left Russia for a European tour after spending 16 days there.

The puzzled Miss Bart said no one in the USSR officially or unofficially mentioned any spy charges to her and that she was not ordered out of Russia at the time of her departure.

"I had a very pleasant time. Everything was very friendly and untroubled. I met some of my old friends whom I got to know during last year's exhibit, and there was no tension whatsoever," she said.

She said Repnikov was a "friend," and she may have given him some tickets and literature. "Tickets were issued to the guides to give to their Russian friends. It was official policy and I gave out quite a few of them," she said.

Ross Plans No Changes In Personnel

Newly appointed district highway engineer J. Ellis Ross of West Monroe said Friday no personnel changes in the department are being planned "at the present time that I know of."

He said, however, that highway director Ray Burgess and the highway board may have some changes in mind and that he will consult with them before being able to give a definite answer.

It was learned Friday that Ross had been appointed to the post which had been held by Wayne H. Hucab, who has been reassigned to the Baton Rouge headquarters.

Ross said, "I'll do everything I can to give the district a good department."

He has been with the department for about 25 years, working up through the ranks.

Hucab, with the department for more than 20 years, served the past four years as district engineer, being appointed by Gov. Earl K. Long after he resigned as Monroe street commissioner.

Prior to that he served as parish engineer and district engineer also.

Hucab's reassignment came after Ray Burgess of Baton Rouge was named to succeed R. B. Richardson, also of Baton Rouge, as highway director.

Sources in Baton Rouge said today that several minor changes had been made in the department since Burgess took over. There were reliable reports that chief engineer Joe James was fired.

Hucab, who has worked in the Baton Rouge headquarters before, said the new job does not necessarily mean that he would have to move his residence to Baton Rouge.

"But it does mean that I would be in Baton Rouge a great deal," he explained. "Professionally it's a good job."

Trial Of Ailing Long Postponed

NEW ORLEANS (AP)—The municipal court trial of ailing former Gov. Earl Long on charges of resisting arrest and reviling a policeman was continued today until Sept. 22.

At the same time, Long is scheduled to go on trial in traffic court for reckless driving and driving without a license. Both charges resulted from a minor auto accident here June 14. Long has pleaded innocent.

Long has been hospitalized at Alexandria since last Saturday when he won the Democratic nomination for the House of Representatives from the Eighth District. He was reported resting well.

James Screen, Long's attorney, told municipal court that Long had asked that the case be continued until Sept. 22.

A seven month jail sentence was levied on Woodrow Williams on a charge of receiving stolen goods.

Three persons were fined for following too close in traffic. They were James Milholland Jr., \$10; Lonnie Harrison, \$15 or 15 days; and Eliza Davis, \$25 or 25 days. Forfeiting bonds for failure to stop at a right of way were Jackie L. Jones, Thelma Rogers, Clifford Hancock and R. T. Griffin.

Abe Holland was fined \$2 for other traffic violations, and 312 overparking fines were paid.

IRISH PLAYWRIGHT Brendan Behan manages a smile after drinking a glass of milk for photographers on his arrival at New York's Idlewild Airport today. Behan said although he has been on the wagon since last March it is not easy to smile while drinking milk. He flew to New York to attend the premiere of his record breaking play "The Hostage," which opens Sept. 20. It has just completed a two-year run in London. (AP Wirephoto)

Four Fined In Illegal Weapons Case

Four persons drew \$350 fines on charges of illegal use of weapons in Monroe City Court yesterday when 52 cases came before Judge W. M. Harper.

Fined \$350 or seven months in jail on the counts were Gloria Jackson, Beatrice Tyler, Francine Harvey and Maggie Jenkins. Clara Taylor was fined \$50 or 50 days on the same charge, and the same charge against Alex J. Carter was voided.

Jerry Oliveaux and James M. Grantham were both fined \$400 or seven months in jail on charges of driving while under the influence of intoxicating beverages.

Elijah Davis was fined \$200 or 90 days on a theft charge. Also drawing a fine on a theft charge was S. H. Martin, who forfeited a \$25 bond. George Dyer was sentenced to seven months for theft.

Bobby A. Clark was fined \$22 or 22 days for speeding, while five persons forfeited bonds on the same charge. They are Charles E. Clark, \$20; Marvin D. Hanna, \$17; Ray M. Hill, \$5; Earnest Calloway, \$17; and Woodrow V. Bacon, \$14.50.

Jeremiah Johnson was fined \$50 or 30 days for simple battery and Robert Lewis was fined \$37 or 37 days on the same charge.

Charges of public drunkenness drew fines for three persons and the same charge was nolle prossed against another. Fined were Doris R. Williams, \$25 or 25 days suspended sentence; Ike Wallingford, \$25 or 25 days; Clarence Carrier, \$25 or 25 days. Charges against Charles J. Emerson were nolle prossed. Carrier was fined an additional \$25 or 25 days for disturbing the peace.

Two persons drew fines and three forfeited bonds on charges of reckless driving. They were Spencer Ware Jr., forfeiting \$25 bond; V. C. Lyons, forfeiting \$25 bond; Willie M. Frazier, forfeiting \$25 bond; C. D. Clark, fined \$15 or 15 days; and Charles W. Hodges, fined \$10 or 10 days.

Forfeiting bonds on running red light charges were Percy M. Tra-villion, \$5; and Jonas Nelson, \$5. Fred L. Nestor was fined \$5 on the same charge.

A seven month jail sentence was levied on Woodrow Williams on a charge of receiving stolen goods.

Three persons were fined for following too close in traffic. They were James Milholland Jr., \$10; Lonnie Harrison, \$15 or 15 days; and Eliza Davis, \$25 or 25 days. Forfeiting bonds for failure to stop at a right of way were Jackie L. Jones, Thelma Rogers, Clifford Hancock and R. T. Griffin.

Abe Holland was fined \$2 for other traffic violations, and 312 overparking fines were paid.

Huey Condition Reported 'Good' Following Wreck

Palmer Huey of 1910 Island Drive was listed in "good" condition after he underwent surgery yesterday for injuries he received following an early morning accident in which he rammed his automobile into a tree on the north side of town.

Huey, 26, son of Mr. and Mrs. S. E. Huey, 1910 Island Drive, was reported to have had "serious" injuries.

According to investigating officers, Huey was traveling north on Orell place at about 4 a.m. when his car lunged across Park Avenue, through a ditch and into a tree.

A passerby discovered Huey in his crashed '59 Volkswagen and summoned help.

CONTROVERSY ENDS

Indians To Get Separate School

LILLINGTON, N.C. (AP)—The Hartnett County Board of Education agreed Friday to provide a separate high school for Indians who have sought admission to the all-white Dunn High School.

A controversy between the two sides was resolved when the Indians promised to obey a court order prohibiting them from staging demonstrations at Dunn High School.

The Indians protested their children now must travel 72 miles daily to the nearest Indian high school. They said they preferred a school of their own rather than admittance to the white high school.

Under the agreement, the school would either be a new building or an addition to an existing elementary school for Indians.

The agreement was announced at the start of a court hearing before Superior Court Judge W.H. S. Burgwyn.

Under the agreement, five Indians who were arrested Thursday and charged with violating a court restraining order were found innocent of contempt of court.

Charles L. Dean, attorney representing the board of education, said the Indians agreed to cease their picketing and sit-in tactics at the Dunn school.

The restraining order issued by Judge Burgwyn late Wednesday was made permanent without further hearing as another part of the agreement.

Under the agreement, the restraining order will be amended to forbid interference by the Indians with the operation of a school bus assigned to transport Indian children to the Eastern Carolina Indian School in Sampson County. The school bus was dynamited last New Year's Eve in protest of the long trip.

The Indians claim the round trip distance to the Sampson school is 72 miles, but other sources contend it is closer to 50 miles.

U.S. Cuts Off Flow Of Jeeps, Trucks To Cuba

WASHINGTON (AP)—The government Friday cracked down on exports of jeeps and trucks to Cuba and the Dominican Republic, saying it wants to block shipments which might be used for military purposes.

The Commerce Department's Bureau of Foreign Commerce said individual export licenses henceforth will be required before any jeeps and trucks may be shipped to the two Caribbean countries.

The order also applied to all motor vehicle parts except those designed exclusively for passenger cars, buses and trailers.

In the past, American businessmen could ship jeeps, trucks and parts to the two countries without government approval in advance.

A brief Commerce Department announcement said the new order will provide "an opportunity to review shipments of these items in order to prevent export for possible military purposes."

Jurors OK Purchases For Highways

The purchasing committee of the Ouachita police jury Friday approved purchase of 16 tires and tubes for the parish highway department.

A. E. Montgomery Sr., committee chairman and ward 10 payment of bills at the Sept. 13 session in the jury office at the courthouse.

Jurors are slated to approve payment of bills at the Sept. 13 finance committee meeting attended by all 16 jurors.

Tires to be purchased include: three 1300 by 24 tires and tubes for graders; three 750 by 20 tires and tubes for trucks; three 600 by 16 tires and tubes and three 670 by 15 tires and tubes for pickup trucks; two 800 by 14 tires and tubes for cars; two 500 by 15 tires and tubes for mopeds.

Other purchases for the highway department are: 12 sets of drag blades for graders; six sets of teeth for cement machines; three truck-loads of asphalt and 21 truckloads of cement.

Jurors L. B. Pettit, ward three, W. O. Roberts, ward seven and L. U. Fourmy, ward 10 attended the session.

They approved purchase of supplies for the police jury office, agriculture building, juvenile office, registrar of voters office, courthouse and jail.

SHE'S AMAZED

Russians Claim Blonde U.S. Spy

NEW YORK (UPI)—A blonde, shapely former guide at the U.S. exhibit in Moscow arrived at New York International Airport Friday to learn she had been accused by the Soviet Union of spy activities.

Pretty Joan Bart, 26, of New York City, a graduate student in political science at Radcliffe College, Cambridge, Mass., said: "I am amazed and distressed. This is a bombshell. There is absolutely no truth in it."

The charges appeared Thursday in young Communist league newspaper Komsomolskaya Pravda. She was accused of giving 25 tickets to last year's exhibition and American books and magazines to Vyacheslav Repnikov. In return, it was charged, she sought secret information on the location of scientific institutions, systems of registration of reserve officers and details of economic life on collective farms in the Tula region.

Miss Bart said it was her third visit to the Soviet Union. During her second visit she served as a guide and the third ended on Aug. 7 when she left Russia for a European tour after spending 16 days there.

The puzzled Miss Bart said no one in the USSR officially or unofficially mentioned any spy charges to her and that she was not ordered out of Russia at the time of her departure.

"I had a very pleasant time. Everything was very friendly and untroubled. I met some of my old friends whom I got to know during last year's exhibit, and there was no tension whatsoever," she said.

She said Repnikov was a "friend," and she may have given him some tickets and literature. "Tickets were issued to the guides to give to their Russian friends. It was official policy and I gave out quite a few of them," she said.

Ross Plans No Changes In Personnel

Newly-appointed district highway engineer J. Ellis Ross of West Monroe said Friday no personnel changes in the department are being planned "at the present time that I know of."

He said, however, that highway director Ray Burgess and the highway board may have some changes in mind and that he will consult with them before being able to give a definite answer.

It was learned Friday that Ross had been appointed to the post which had been held by Wayne H. Huckaby, who has been reassigned to the Baton Rouge headquarters.

Ross said, "I'll do everything I can to give the district a good department."

He has been with the department for about 25 years, working up through the ranks.

Huckaby, with the department for more than 20 years, served the past four years as district engineer, being appointed by Gov. Earl K. Long after he resigned as Monroe street commissioner.

Prior to that he served as parish engineer and district engineer also.

Huckaby's reassignment came after Ray Burgess of Baton Rouge was named to succeed R. B. Richardson, also of Baton Rouge, as highway director.

Sources in Baton Rouge said today that several minor changes had been made in the department since Burgess took over. There were reliable reports that chief engineer Joe James was fired.

Huckaby, who has worked in the Baton Rouge headquarters before, said the new job does not necessarily mean that he would have to move his residence to Baton Rouge.

"But it does mean that I would be in Baton Rouge a great deal," he explained. "Professionally it's a good job."

Trial Of Ailing Long Postponed

NEW ORLEANS (AP)—The municipal court trial of ailing former Gov. Earl Long on charges of resisting arrest and reviling a policeman was continued today until Sept. 22.

At the same time, Long is scheduled to go on trial in traffic court for reckless driving and driving without a license. Both charges resulted from a minor auto accident here June 14. Long has pleaded innocent.

Long has been hospitalized at Alexandria since last Saturday when he won the Democratic nomination for the House of Representatives from the Eighth District. He was reported resting well.

James Screen, Long's attorney, told municipal court that Long had asked that the case be continued until Sept. 22.

Suit To Collect Insurance Filed

The widow of a man who was killed in a car wreck nine days after he took out an insurance policy has filed a lawsuit to collect the \$10,000 in the policy.

Mrs. Marie Middleton Jordan, 1605 South 10 St., filed suit with the Ouachita Parish clerk of court Friday, against Lee National Life Insurance Co. of Caddo Parish.

Mrs. Jordan says the insurance firm refuses to pay her the \$10,000.

AREA JAMBOREE RESULTS

Reb Teams Win Three Contests

The Rebels from West Monroe High School made a clean sweep of their own jamboree last night with the Reb junior varsity squeezing out a 7-0 win over Southside, the second unit blasting Columbia, 19-0, and the varsity dumping Oak Grove's Tigers by 18-0.

J. U. Liner was the workhorse for the Rebel Jayvees, scoring the only touchdown of the first game from 10 yards out. Liner had scored on a five-yard sprint two plays earlier but the play was called back on a backfield-in-motion penalty. The Pels failed to drive past the Rebs' 39 yard line.

West Monroe's second unit showed plenty of power and speed in swamping Columbia, 19-0. Columbia chose to run the ball on a fourth and seven situation on their own 12-yard-line about midway in the first half. Quarterback Larry Curry failed to pick up the yardage and the Rebels scored on the first down with halfback Charles VanZile carrying the mail 18 yards for the tally. VanZile also ran the PAT over to put the Reb juniors in front by 7-0 at the half.

Getting off to a quick start in the second half, West Monroe recovered a fumble on Columbia's 10-yard line and after losing yardage for two plays big Cedric Ward blasted through several defenders for 16 yards and the score. Quarterback Fred Newton's attempt to run for the extra point was halted by the right side of the Columbia line.

Fullback Doug Crockett's fumble on his own 40-yard line set the stage for the final Rebel touchdown. VanZile picked up a first down at the 26 and Ward scored from the five, but the TD was called back and the ball set back to the ten. With a second down on the four line VanZile again bulled over for the score. The try for extra point was no good with the score ending 19-0.

Played to a standstill in the first half, the Rebel varsity came back to score three quick touchdowns after the intermission over Oak Grove.

The Tigers allowed West Monroe only four plays from scrimmage in the first half and played the Rebs to 0-0 standstill.

After only two plays in the second half, Buch Fox dashed 16 yards for the score and John Covington's kick for the PAT was no good.

On the Rebel's next set of downs fullback Covington went over from 20 yards out to put the Rebs ahead 12-0. Fox's extra point attempt was no good. Right half Billy Doerner scored the final six-pointer in the closing minutes.

RUSTON

RUSTON, La. (Special) —Bernice and Jonesboro —Hodge scored wins while Ruston and Ouachita struggled to a 0-0 tie before 3,500 fans here last night in the ninth annual Ruston Lions Football Jamboree.

In the featured Ruston - Ouachita tilt, the Bearcats drove deep into Ouachita territory twice but failed to score. The triple - A Lions did not mount a serious threat.

With scabcat Morris Reeves leading the way, Bernice squeezed out a 7-6 win over Coushatta. Reeves rolled nine yards around right end for a 73-yard ground march. Coushatta fought back in the second half as Andy Holley scored from the five - yard line. A running try for the PAT failed. Jonesboro - Hodge racked up a 7-0 win over Homer without making a first down. The Tigers' Charley Fulton picked up a Homer and scampered 50 yards

for the games lone touchdown. Coach Hoss Garrett's Ruston team, sparked freshman Melvin Shows and Ronnie Graham, took rammed inside the Ouachita 40-yard line in the night's final game but couldn't break into the scoring column. The Lions, gunned by Butch Oglesbee, Ted Smith and Bubba Via, rolled from their 15 to their 45 in their only lengthy march.

The Ruston and Ouachita "B" teams played a short 10 - minute game in which neither team scored.

Jamboree games consisted of two 10-minute halves. There were three 10 - minute segments in the Ruston - Ouachita tilt.

TALLULAH

TALLULAH, La. (Special) —Tallulah won three games and Newellton, winless last year, showed surprising power in the Tallulah Football Jamboree here last night.

Newellton, playing its first season under Embury Pickett, whipped class A Winnboro, 12-0, tied Lake Providence, 0-0, and lost by one point to class A Tallulah, 7-6.

Tallulah whipped Lake Providence, 6-0, in the first game with Leonard Neumann going 14 yards for the only TD. Newellton beat Winnboro in the second contest as Sonny Kifer went 43 yards through the line for a TD and Buddy Tatum went 14 yards off tackle for the second score.

Winnboro beat Lake Providence, 8-0, on a safety and Joe Henry's seven-yard scoring pass to Hines Davis. Kifer went off guard 34 yards to give Newellton an early 6-0 lead against Tallulah but the kick failed. Chapman Lee put Tallulah back in the game with a 52-yard payoff sprint and Jerry Fairbanks kicked the extra point to win the game.

Newellton and Lake Providence played their scoreless tie in the fifth game of the night and Tallulah whipped district 2-A rival Winnboro in the final game, 7-0. Wayne Noland rambled off tackle 23 yards for the only TD. Fairbanks kicked the PAT.

FERRIDAY

FERRIDAY, La. (Special) —Class B Waterproof shut out three opponents to win the Ferriday Football Jamboree here last night, defeating Vidalia and Jonesville by 6-0 counts and the host team by a 14-0 score.

Jackie Hopkins ran 30 yards for the Waterproof touchdown against Vidalia. Jonesville and Ferriday tied in the second game of the night, 0-0, and Jonesville edged Vidalia in the third, 6-0, when Jerry Book rammed three yards for a touchdown.

Jackie Hopkins bulled two yards and Larry Moss three yards for touchdowns in Waterproof's victory over Ferriday. Hopkins kicked both extra points. Dennis Jones dashed 47 yards to give Ferriday a 6-0 victory over Vidalia in the fifth contest and a 55 - yard pass play from Larry Moss to Benny Lopoo gave Waterproof the touchdown in its 6-0 nod over Jonesville.

BOSSIER CITY

BOSSIER CITY, La. (Special) —Sicily Island shut out Logansport, 14-0, Cotton Valley beat Plain Dealing, 21-7, and Bossier City edged Winnfield, 6-0, in the Bossier City Jamboree here Friday night.

Charles Miller ran nine yards for a first-half touchdown and John Young went 13 yards for the other in Sicily Island's victory. Jerry Hinton kicked the extra point after the final touchdown and Miller passed to Ben Blackman for the first PAT.

THREE MEMBERS of the championship flight in the Cotton States Invitational are Monroe boys Joe Thomas (left) and Roy Nash (center) and 1958 champion Tommy Wulff of New Orleans, who tied with Jackie Cupit for medalist yesterday with a 69. EACH CARD 69

Wulff, Jackie Cupit Lead Cotton States Qualifying

By PAUL MARTIN
Executive Sports Editor

Tommy Wulff, New Orleans, and Jackie Cupit, Greggton, Tex., make their first round of the Cotton States Invitational Golf Tournament a playoff for medal honors when they tour Bayou DeSiard Country Club's course in the twelfth annual event here today.

Wulff, winner of the Cotton States in 1958, and Cupit, who won a junior tournament here in 1954 when his older brother, Buster, was golf pro at McGuire (now Highland) Park in West Monroe, deadlocked for medal honors in qualifying play yesterday.

Each carded a 69, barely beating par 70 by a stroke over Bayou DeSiard's 6,255 - yard layout that has been made more difficult this year by setting back the tees and relocating the cups in more difficult corners or slopes of the greens.

Three other former champions joined Wulff and Cupit in the title division. H. P. Childress, Chicago, winner in 1957, qualified with a 71. Two - time winner Gene Dahlbender, Atlanta, Ga., (1955-56), was in with a 73, and Jake Epting, Jackson, Miss., (1953), made it with a 76.

Defending champion Jackie Rivers, Monroe, did not participate in the medal chase, using his qualifying immunity as the title defender.

Only one former champion back for another try missed his bid for the flight of 32. Bill Jones, Monroe, who won the first Cotton States eleven years ago and showed a sizzling 64 in practice Wednesday, soared to an 80 yesterday as he had trouble with a suddenly faulty driver that had a tendency to slip through his grip.

Others making the championship flight were Joe Thomas, Monroe, the No. 3 man in the qualifying chase with an even par 70, and Joe Blair, Magnolia, Miss.; Jack Pittman, Oxford, Miss.; Joe Fisher, Jasper, Tex.; Gerald Latham, Vicksburg, Miss.; Homer Blancos, Houston, Tex.; Aubrey Wolf and Robert Jeffrey, Memphis, Tenn.; Don Cherry, New York City and Wichita Falls, Tex.; Roy Pace, Longview, Tex.; Don Addington, Dallas, Tex.; Jimmy Ramsey, Kilgore, Tex.

Bill Rixley, Vicksburg, Miss.; Lamar Lee Jr., Tallulah; Charles Kennon, Baton Rouge; Richard Dickson, Galveston, Tex.; David Gray, Jacksonville, Tex.; Dickie Myer and Chip Lyman, Baton Rouge; Clayton Cole, Roy Nash, Jim Harper, Mike Gregory and Larry Tilley, Monroe; E. B. Peddy, West Monroe; and Bert Burdick, Baton Rouge.

Burdick is the golfer who made national news last week when he led the nation in qualifying for the forthcoming National Amateur and shot a hole - in - one in the process in his sectional qualifying at New Orleans.

Gilbert Hattier, New Orleans, will defend his senior division championship for golfers 50 years old and over, and the luck of the qualifying tests matched him against Kenneth Holt, West Monroe, in the very first round today.

Holt is the Louisiana senior champion and won the Cotton States senior in his first try two years ago.

Others in senior championship are Everett Lawson, Monroe; Al Villegas, New Orleans; Charles Herold, Natchez, Miss.; H. S. Humphrey, Memphis; O. P. Bobbitt, Memphis; and N. W. Hatchery, Natchez.

The regular championship flight goes out at noon today for a single 18 holes on the first day of match play. Two rounds will be played tomorrow and two more Labor Day in completing the event. The seniors will play no more than a single 18 in one day.

First round losers in the regular championship will comprise the lineup for the first flight. The fifth flight seniors open Bayou DeSiard's biggest annual show at 8 o'clock this morning, and four-somes will go out at eight - minute intervals.

First round pairings and starting times:

REGULAR TOURNAMENT

C. Mulholland vs. Don Carrico, 12:56.

U. S. Comes Back In Rome Games

ROME (UPI) — United States Olympic stars stormed back Friday to win six gold medals on a record-setting 1-2-3 sweep in the 400-meter hurdles led by Glenn Davis, a record broad jump by Ralph Boston, one victory in women's track and three in the Olympic pool.

Eager to erase the memories of Thursday's disasters, America's keyed-up athletes poured it on with a total of 87 points and moved into contention with the leading Russians in the unofficial team race. At the end of the day, Russia had 260½ points and the U.S. 240.

The string of successes was climaxed in the swimming stadium Friday night when Mike Troy of Indianapolis splashed to victory in the 200 meters butterfly with a new world record of 2:12.8 and the U.S. women's 400-meter medley relay team cracked another world mark by defeating Australia for America's 13th gold medal of the game with a clocking of 4:41.1.

Davis, 25-year-old veteran from Columbus, Ohio, retained his 400-meter hurdles crown with Cliff Cushman of Grand Forks, N.D., second and Dick Howard of Albuquerque, N.M., third in the Olympic record time of 49.3 seconds. He broke the mark of 50.1 he shared with Eddie Southern of the U.S., set in 1936.

Boston, a flier from Laurel, Miss., led a 1-2 finish in the broad jump in which both he and Irv (Bo) Robertson, former Cornell football star, broke a 24-year-old Olympic record set by Jesse Owens. Boston soared 26 feet, 7½ inches and won by only three-eighths of an inch from Robertson whose final leap of 26 feet, 7½ inches edged out a Russian. Owens set the old mark of 26 feet, 5½ inches at Berlin in 1936.

Wilma Rudolph of Clarksville, Tenn., romped to victory in the women's 100-meter dash but a strong tailwind led officials to toss out her fantastic clocking of 11 seconds flat as a potential world record compared to the existing mark of 11.3.

In the men's high dive Friday morning, Bob Webster of Santa Ana, Calif., and Gary Tobian, recently crowned springboard champion, made it a 1-2 finish with only .31 of a point separating them.

In the women's 400-meter medley, the young U.S. team ham-

pered more than three seconds off the world record of 4:44.6 and more than six off the Olympic mark of 4:47.4.

Lynn Burke, 17-year-old backstroker from Flushing, N.Y., swam the first leg and broke the world's record for 100 meters in 1:09, which will be submitted for approval since it was made after a legitimate start from the gun.

Patty Kemper, 17, of Beverly Hills, Calif., swam the breaststroke leg, 17-year-old Carolyn Schuler of Orinda, Calif., followed with the butterfly and Chris von Saltza of Saratoga, Calif., the 400-meter freestyle champ, swam the last 100 meters freestyle, finishing five lengths ahead of Australia's Dawn Fraser.

Russia won three gold medals Friday for a total of 15.

Navy's eight-crewed crew gained Saturday's finals by defeating Great Britain and four U.S. boats in other classes gained the finals.

Davis got off to a poor start in the 400-meter hurdle final but was running third until he hit the head of the stretch where he caught his two flying countrymen — Howard and Cushman. Howard, the early leader, hit a hurdle as they turned for home and was nosed out by Cushman for second place.

Miss Rudolph, a slender 5 foot, 11-inch 130-pounder from Tennessee, State literally romped away with the women's 100-meter dash and tied the world record of 11.3 in a trial heat. She swept home a winner by more than a yard over Dorothy Hyman of Great Britain in the final.

But the Tennessee State speedster's fantastic time of 11 seconds flat will not be approved as a world record for a tailwind of 2.752 meters per second was .752 more than the rules allow.

In the high dive, Webster, one of the smallest men in the field, started his final rounds in third place behind Tobian and Phelps. But he vaulted into second and closed the gap on Tobian with a forward three and one-half somersault good for 21.58 points.

On his final dive, Webster scored 21.12 on a reverse two and one-half somersault with tuck.

Tyoshi Yamanaka of Japan, 21-year-old son of a professional shell-diver, broke the Olympic 1,500-meter freestyle record in 17:46.5 and Alan Somers of Indiana and veteran George Breen of Indianapolis qualified for Saturday's finals.

The U.S. women's 400-meter freestyle relay team won its heat and qualified easily for another final Saturday. Australia led the qualifiers with 4:17.6. Members of the U.S. team were 13-year-old Donna De Varona of Lafayette, Calif., 15-year-old Susan Doerr of Washington Valley, Pa., 18-year-old Sylvia Runska of Berkeley, Calif., and 17-year-old Molly Botkin of Sherman Oaks, Calif.

Cardwell Hits Two Homers As Cubs Win

ST. LOUIS (AP)—Pitcher Don Cardwell walloped a pair of home runs Friday night as the Chicago Cubs romped for a 10-4 victory over the St. Louis Cardinals—the same club Cardwell victimized with a no-hitter early in the season.

This time, Cardwell dealt the Cards fading pennant hopes a bad blow.

TIGERS TAMED, 7-5

Averill's Single Wins For Chisox

CHICAGO (AP)—Earl Averill's two-run pinch single in the eighth inning broke up a 5-3 tie and helped the Chicago White Sox whip Detroit 7-5 Friday night.

Averill slammed reliever Hank Aguirre's first pitch into center-field after the Sox had loaded the bases against Louis Paul Foytack, third of four Detroit pitchers.

The triumph lifted the Sox with three games of the New York Yankees, whose American League lead was shaved to three percentage points when they dropped a 5-0 decision to second place Baltimore.

Sox relief ace Gerry Staley was credited with his 12th victory against seven defeats in the sloppily played affair, which saw Detroit blow two-run leads twice while the Sox scored twice on two Tiger errors.

Detroit scored two in the first inning on one hit and sent starter

New Orleans Juniors Win

HASTINGS, Neb. (AP)—A triple by Rusty Friday and a single by Lou Trische Friday night gave New Orleans a 6-5 win over Miami in 11 innings and eliminated the team from the American Legion Junior Baseball Little World Series.

Miami had jumped into a 5-0 lead in the first three innings, but New Orleans came back to score two runs in the sixth and tie with three in the seventh.

Herb Score to the showers. Score issued four walks, sandwiched by Al Kaline's single.

Chicago scored its first run in the third when Jim Landis walked, stole second, took third on a sacrifice bunt and came home on an infield out.

The Sox, after scoring once in the third, took a 3-2 lead in the fifth. Sherm Lollar singled, Jim Landis walked and Luis Aparicio singled Lollar across.

PCL May Field Club In Honolulu

SEATTLE (AP)—The Pacific Coast League gave approval Friday for two Salt Lake City men to investigate the possibility of placing a PCL baseball franchise in Honolulu.

League President Dewey Soriano said the proposal came to the PCL executive committee from Maurice Yates, and Hal Pete, the two Salt Lake City men now are in Honolulu looking into the baseball situation.

A Few Predictions

—The Olympics are going to start a war someday. The United States has been the biggest "cry baby" in history this year and the State Department should keep us from sending a team if we're going to protest every losing decision. Now it's said a wrestling match was "fixed" in Rome. Well, they've been saying wrestling was fixed over here for years.

—Northeast's track team is not going to finish second too often under Bob Groseclose.

—The Pirates aren't going to fold.

—If Ole Miss beats LSU and Tennessee, the Rebels will finish undefeated. Two pretty big "ifs."

—Jerry Stovall is going to make all-Southeastern and maybe all-America before he's through at LSU.

—The Neville-Ruston tilt this year will be a whale of a game. That's usually a safe prediction.

—Oak Grove will have the smallest class A football team in the state. Woody Boyles' team averages 134 pounds.

Short Shots

ROBERT PEDEN, Mississippi's top prep miler last spring, is planning to follow Lew Hartzog north to Southern Illinois. The Clinton distance star, who won the class A-A mile title in 4:41, originally intended to attend Northeast.

MOSE SIMMS, promoter of the National High School Football Classic, stopped off in Monroe Thursday night to say a few words in praise of Mickey Cox and Ken Newton, northeast Louisiana's representatives in the Baton Rouge game. Simms said he had signed both of this year's coaches, Bo Sherman and Monk Simons, for next year's game and has again lined up Baton Rouge's Memorial Stadium for the game.

THE NORTHEAST LOUISIANA Football Officials Assn. is currently doing a fine job of public relations. Officials are speaking before civic groups over this area, showing films and explaining their jobs. The film they show illustrates some of the tough calls they have to make. Officiating

football is not as easy as it looks from the stands to some people, something the association is trying to get across.

WEST MONROE is to be commended for the fine football handbook they've put out. The attractive and informative book is a real help to writers and sportscasters and more schools should follow the Rebels' example.

BOB GROSECLOSE, Northeast's new track coach, has an ex-pupil in Monroe, Virgil Vinson, a News-Star World employee who thinks the Texan is a cinch to make Northeast a topnotch coach.

NORTHEAST's first football opponent, Arkansas State, is, like the Indians, short on lettermen. The Arkansas club has only 14 letter-winners returning.

EX-MORNING WORLD sports writer Jim Calhoun, wife Sue and son Bobby have moved to Baton Rouge where Jim will work on his master's degree at LSU.

Lemon Homers Defeat Red Sox

BOSTON (AP)—Two swings of Jim Lemon's home run bat brought the Washington Senators a 5-1 and 3-2 two-night double-header sweep over the Boston Red Sox Friday.

Lemon's 33rd home run, with a man on base, brought the Senators from behind in the eighth inning of the nightcap and gave right-handed rookie Ted Sadowski the victory in his first major league game.

Sadowski, just up from Charleston, pitched three innings of two-hit, shutout relief. He threw a third strike past Ted Williams with one on in the ninth and then got La Clinton to hit into a game-ending force out.

Kuenn's Blast Boosts Tribe Over Athletics

KANSAS CITY (AP)—Harvey Kuenn's two-run homer in the eighth inning broke a 2-2 tie Friday night and the Cleveland Indians went on to defeat the Kansas City Athletics 6-2.

Kuenn's homer, his ninth, gave right-hander Larry Locke his second victory. Dick Hall (7-11) was the loser.

Cleveland again scored twice in the ninth inning, when pinch-hitter Bob Hale, batting for Locke, doubled with the bases loaded. Johnny Klippstein pitched the final inning for the Indians.

Marty Keough's two-run homer in the fourth had overhauled a 1-0 Kansas City lead. The A's who had 10 hits, then tied it in the seventh on Bob Johnson's double, a sacrifice and Bill Tuttle's infield hit.

Braves Defeat Cincinnati, 9-6

CINCINNATI (AP)—Milwaukee's Braves beat out a 17-hit Friday night and defeated Cincinnati 9-6, keeping their slim pennant alive.

Joe Adcock's 22nd homer, in the seventh, was the Braves' big blow, but everybody in the lineup got at least one hit, including pitcher Joey Jay.

Jay ran into increasing trouble and Ron Piche finished the ninth.

Three of the Braves doubled in the first inning of the opener provided the winning run. It followed a base-empty sock by Dan Dobek, who wound up with four of Washington's 10 hits and two RBIs.

Frank Sullivan was the Boston loser in the first game, while relief ace Mike Fornieles was tagged for the nightcap loss, giving up Lemon's home run.

Pappas Mows Down Yanks As Orioles Triumph, 5-0

BALTIMORE (AP)—Young Milt Pappas mowed down the New York Yankees on three singles and struck out nine Friday night as the Baltimore Orioles opened a crucial, three-game series with a 5-0 victory over the American League leaders.

The second place Baby Birds, winning their fifth in a row, closed within .003 percentage points of the Yankees as Pappas, who didn't walk a man, won his 13th. The 21-year-old right-hander has lost eight.

Lead off man, Tony Kubek collected two of the Yankees' hits, in the first and last innings and Cleve Boyer the other, in the seventh.

After Kubek's opening single, Pappas retired 18 in a row, with Kubek wiped out on a doubleplay.

Boyer, was the only runner to read second, going down on an infield out.

Pappas and the rest of the Orioles had a crowd of 44,518 roaring most of the way as they beat old nemesis Whitey Ford. They clubbed the stubby southpaw, now

9-8, for six of their eight hits, and their first four runs.

The Orioles scored in the first inning on a single by Jackie Robinson and double by Brooks

Robinson. And when Ford had a wild spell in the fourth, the Orioles took him for two more runs.

Ford loaded the bases, after Gus Triandos and hitting Ronnie Hansen.

Jim Busby singled in a run and another scored while the Yankees were trying to make a doubleplay.

Dropo hiked the Oriole lead to 4-0 with his fourth homer into the left field bleachers in the fifth inning.

Ford left after that inning, the third time he had failed to finish since he volunteered after two days rest to pitch against the Orioles and beat them 1-0 on a three-hitter Aug. 18.

Ryne Duren, who succeeded Ford, was touched for another run in the seventh on singles by Robinson and Triandos that sandwiched a walk to pinch-hitter Jim Gentile.

The crowd pushed the season attendance to a record 1,079,392, for

the Orioles. The previous high was 1,060,910 in 1954, when Baltimore rejoined the American League.

Miss Dupree Coaches Girls At Sterlington

STERLINGTON, La. (Special)—Joy Dupree, graduate of Northwestern, has been named girls' basketball coach at the new Sterlington High School here.

Miss Dupree filled in for Coach Addie Thompson at Springhill during the 1958-59 season and coached the high school team there into the regional playoffs. Last year she coached the Springhill Junior High team, losing only three games.

A graduate of Martin High School near Coushatta, Miss Dupree was a two-time all-state player and is a former all-Southern AAU performer. She graduated from Northwestern in 1958.

Stovall Has Appendectomy

Jerry Stovall, West Monroe's contribution to LSU's football team, underwent an emergency appendectomy at the Baptist General Hospital in Baton Rouge last night. Stovall's parents, Mr. and Mrs. W. L. Stovall of 216 Belmont Drive in West Monroe, were informed of the operation by LSU Coach Paul Dietzel last night.

Stovall, a sophomore half-back, began working out at LSU Thursday with the Chinese Bandits unit.

A Few Predictions

—The Olympics are going to start a war someday. The United States has been the biggest "cry baby" in history this year and the State Department should keep us from sending a team if we're going to protest every losing decision. Now it's said a wrestling match was "fixed" in Rome. Well, they've been saying wrestling was fixed over here for years.

—Northeast's track team is not going to finish second too often under Bob Groseclose.

—The Pirates aren't going to fold.

—If Ole Miss beats LSU and Tennessee, the Rebels will finish undefeated. Two pretty big "ifs."

—Jerry Stovall is going to make all-Southeastern and maybe all-America before he's through at LSU.

—The Neville-Ruston tilt this year will be a whale of a game. That's usually a safe prediction.

—Oak Grove will have the smallest class A football team in the state. Woody Boyles' team averages 154 pounds.

—The La - Ark League is going to need a big push to get started again next spring. It seems about the only kind of live baseball that will draw around here is kids' baseball.

—Jimmy Piersall is going to get thrown out of another game soon.

—The Cubs and Jim Brewer are not going to collect a million dollars from Billy Martin.

—The La - Ark League is going to need a big push to get started again next spring. It seems about the only kind of live baseball that will draw around here is kids' baseball.

Braves Defeat Cincinnati, 9-6

CINCINNATI (AP) — Milwaukee's Braves beat out a 17-hit Friday night and defeated Cincinnati 9-6, keeping their slim pennant alive.

Joe Adcock's 22nd homer, in the seventh, was the Braves' big blow, but everybody in the line-up got at least one hit, including pitcher Joey Jay.

Jay ran into increasing trouble and Ron Piche finished the ninth.

Chinese Hit For Conduct At Start Of Olympics

ROME (AP)—Avery Brundage, president of the International Olympic Committee, has severely criticized Nationalist Chinese sports officials for their conduct at the opening ceremony of the Rome Games.

The Nationalist China was told by the IOC that it could take part in the Olympics only under the name Taiwan (Formosa)—and not as China. The Chinese carried a placard reading "Formosa" at the opening parade.

Immediately behind the placard carrier came a Chinese official holding a sign reading "Under Protest."

Releable sources said Brundage had written a strong letter to the Nationalist Chinese Olympic Committee saying the Taipei government would lose friends because of the action.

A Nationalist Chinese spokesman confirmed receipt of Brundage's letter. "He said our action was not good," the spokesman said. "That was all."

POLITICAL OVERTONES

Wrestling Group Sees Fix In Russian Gold Medal Win

By EUGENE LEVIN
ROME (AP) — A wrestler from Communist Bulgaria was accused Friday of helping a Russian beat out a Yugoslav and a Swede for a gold medal in the Olympic games in a fix scandal loaded with political overtones.

The International Amateur Wrestling Federation said there was "suspicion of collusion" in the semifinal Greco-Roman light-weight match Wednesday between Bulgaria's Dimitro Stoyanov and the Soviet Union's Aitandil Koridze.

Stoyanov was disqualified by the federation, but Koridze was allowed to keep the gold medal he won after beating Yugoslav's Branko Martinovic and Sweden's Gustav Freij in the final round.

If Stoyanov and Koridze had drawn, under the complicated wrestling points system, both would have been eliminated from the contention for the gold medal. Stoyanov was all but out of the running but the Russian could advance to the final with a victory.

Ichiro Hatta, a Japanese, who is a vice president of the wrestling federation, bluntly said the wrestler from the Communist satellite country took a dive to help the grappler from the U.S.S.R.

Hatta said the Communist world wrestlers were out to keep a gold medal from going to Martinovic, whose Communist homeland takes a dim view of the Kremlin brand of communism.

In Greco-Roman wrestling no holds are permitted below the waist. Competitors are eliminated by a black mark system. If a wrestler wins by a fall, no points are charged against him. If he wins by decision, one point is charged three points and four points by a fall. The fifth black mark eliminates the athlete.

After pinning Stoyanov the Soviet wrestler went on to the final and beat both Martinovic and the Swede to take the gold medal.

Martinovic beat Freij in the final round to get the silver medal and would have had the gold one if the Russian did not get beyond the semifinals.

Koridze, 25, an automobile plant employee, insisted in an interview at the Olympic Village that he won the match "correctly and fairly."

"At the end of the match," the Russian said, "my opponent was clearly tired out. I could have disposed of him any way I wanted."

"I understand my talking to him during the match could have been mistaken for an 'arrangement' between us. But all I said

to him was, 'You have lost and you better give up.'"

That remark, Koridze said, was perfectly innocent.

Roger Coulon, president of the wrestling federation, said he was the man who ordered a technical committee to investigate the Stoyanov-Koridze bout.

Coulon said he felt the fall came too easily in the last minute of the bout.

The technical committee took evidence that six judges and the referee saw the two wrestlers speak to each other moments before the Bulgarian was pinned.

After talking to both wrestlers the committee ordered the Bulgarian disqualified and put the match in the record books as a points victory for the Russian, rather than a triumph by fall.

The Bulgarians appealed, and the board of the wrestling federation took up the matter again Friday. Again the two wrestlers were questioned. They left the meeting grim-faced.

Moments later Coulon announced the disqualification stood and said: "It was the opinion of the technical committee that the wrestling match was not completed normally and that the suspicion of collusion between the wrestlers existed."

The federation did not specifically say the Bulgarian took a dive, but its disqualification action implied it at least felt he had not put everything into the match.

Coulon said the Russian was not disqualified because there was no proof he wanted the Bulgarian to lose on purpose.

TWO ARRAIGNED

Extortion Attempt Made On Umpires

JESSUP, Md. (AP)—Two Washington men and a former Baltimore night club dancer were arraigned Friday on charges of trying to extort money from American League umpires Bill McKinley and Ed Runge.

After the arraignment at nearby Odenton, Magistrate William J. Boehm scheduled a preliminary hearing for 2 p.m. Tuesday, Sept. 6.

Giants Defeat Dodgers, 4-3, Behind O'Dell

SAN FRANCISCO (AP) — The San Francisco Giants defeated Los Angeles 4-3 Friday night on Billy O'Dell's relief pitching and the power hitting of Orlando Cepeda and Felipe Alou.

O'Dell bailed out Jack Sanford after the Dodgers got three consecutive hits and a run leading off the eighth inning.

Alou drove in two runs with two doubles and made a diving, falling catch of Frank Howard's fly to help O'Dell in the eighth.

With two out in the ninth, O'Dell walked pinch-hitter Gil Hodges and gave up a double to Maury Wills. But Jim Gilliam then flied out.

Wills also had two singles and scored twice.

Cepeda hit his 23rd homer in the third inning, after Alou had doubled home the first run of the frame.

Cheffin Sparks Carroll Over Horace Mann

Fullback Anderson Cheffin scored three touchdowns to lead Carroll High of Monroe to a 28-0 victory over Horace Mann of Little Rock here last night in the season opener for the local Negro school.

Cheffin rammed six yards in the first period for the initial Carroll TD and tallied two more in the second quarter, dashing 85 yards on a punt return for one.

Ivy Long kicked two extra points. Halfback Minister Williams ran 12 yards for the final touchdown of the night. Jackie Harris and John Bowman starred on defense for the winners.

Bolt, Stewart In Tie For Lead

DALLAS, Tex. (AP)—Tommy Bolt, veteran of the tour, and home pro Earl Stewart shot 3-under-par 67s Friday and tied for the first-round lead in the \$25,000 Dallas Open Golf Tournament.

Stewart faltered in the stretch and three-putted the 16th and 17th greens or he would have had a sensational 65.

Bolt, the erstwhile tempestuous one, was unruffled even in the blistering heat and played a steady round but did his finest coming in. He shot four birdies and a bogey on the second nine.

It was the hottest day of the year for the tour—92 degrees—and par over the 6,826-yard Oak Cliff Country Club course didn't take the hammering expected.

Bolt, who registers out of Crystal River, Fla., had 16-foot putts for birdies on three holes and on 17 pitched within 4 inches of the pin for another. A bunker caught him for a bogey on 15—his only over-par hole.

Bolt has been a steady winner on the tour for years. His last conquest was the Memphis Open, where he beat Ben Hogan in a playoff.

Stewart once was a regular on the tour but has been off it for six years, helping build the Oak

SWC COACHES TARGET

Royal Helps Stop 'Fraud By Wire'

FORT WORTH, Tex. (UPI) — Royal. He told Royal — as he had FBI agents, with the help of other coaches — that he was "an employee of the Los Angeles Rams, that his car had broken down, and he needed money."

Riddle asked Royal for \$20. Royal — who said he had heard of the fraud — told Riddle he would wire the money to Western Union at Fort Worth at 9:30 p.m. Thursday night. Royal then called FBI agents at San Antonio, and they alerted the FBI at Fort Worth.

Riddle collected a 25-cent money order sent by the FBI, and the two agents arrested him on the spot.

The charge filed Friday was based on a call Riddle made to

Nashville, Tenn., to William Wade, Sr., father of Los Angeles Rams quarterback Bill Wade. Riddle received \$25 from the elder Wade, after earlier getting \$500 from the younger Wade.

FBI agents reported Riddle also received \$20 from Arkansas coach Frank Broyles, and had contacted, without success, Baylor coach John Bridgers, Southern Methodist coach Bill Meek, Texas Tech coach Dewitt Weaver and Texas A&M coach Jim Myers.

Riddle was arraigned Friday in Fort Worth before U. S. Commissioner Pete Van Orden on charges of "fraud by wire." He was placed in jail in lieu of \$3,000 bond.

The FBI said the stocky, five-foot, eight-inch Riddle has been working the scheme since last March.

The offense carries maximum penalties upon conviction of five years in prison, \$1,000 fine, or both.

"I'd rather go hungry than to not get to read the sports pages," Riddle told a newsman.

Union Leader Standing Pat In Rail Strike

PHILADELPHIA (UPI) — The contract demands despite strong to railroad President Allan J. Greenough challenging him to a face-to-face debate on the strike issues at Altoona, Pa., Saturday. Michael J. Quill, president of the Pennsylvania Railroad, the nation's largest line, said Friday Transport Workers Union, also announced that he sent a telegram to Greenough promptly declined the offer, saying "an audience cannot settle a strike. It must be settled at the bargaining table."

The union chief also called for a top level meeting with Pennsylvania officials and again predicted a "long duration" for the strike which has idled 72,000 rail workers and is costing the railroad \$2,500,000 a day in revenue. Quill, in a news conference, said he has been under "terrific pressure" to settle the strike which has started to nibble at the economy of the eastern sector of the nation which the railroad serves. He said these pressures came in the form of telegrams from persons living all along the vast Pennsylvania system in 13 states and the District of Columbia. There also were indications that other major industries were starting to feel the strike.

Union Leader Standing Pat In Rail Strike

PHILADELPHIA (UPI) — The head of 20,000 maintenance workers whose strike has shut down the Pennsylvania Railroad, the nation's largest line, said Friday he was "standing pat" on union contract demands despite strong outside pressure to settle the two-day old walkout quickly.

Questions And Answers Guide For Homemakers

By BETTY PEPIS

Q.—We are using a wildlife motif in our living room. Draperies, in shades of beige and brown, have game bird motifs as do the ashtrays, brass wall plaques and wastebasket. I have ceramic lamp bases which are deer figures and ceramic figurines of fish. Chair and rug are spiced brown and tables are walnut. What color would you suggest for walls, sofa and extra chair? The dining room beyond is pink; would this be a good color for living room walls?

A.—You should relate the two rooms and pink walls in both will do this. I think you might further relate them by carrying out your outdoor theme in the dining room. This might be done by hanging bird prints on the walls and using a tray of pine needles and cones in place of flowers on the dining table. Your sofa might be in soft willow green and new chair in gold.

Q.—Please help me brighten my living room. Walls are white, rug is cactus green, sofa is ash rose and draperies are champagne. I have two gold chairs and one white chair, accessories are white and gold.

A.—You have done well so far, now you need some deep or

bright color to balance the scheme. A change of accessories will accent the room and tie it together. Use a group of throw pillows in lime, deep green, and shades of red-mulberry, burgundy and a true red. Vibrant colored Italian glass is readily available and a few ash trays, bottles or vases in deep green and red shades would be excellent.

Q.—Our boys' bedroom has a yellow floor with different colored pickup sticks in the pattern. Beds are maple. What color would you suggest for walls and sill-length curtains?

A.—Paint the walls a light yellow. Make curtains of lemon yellow in Indianhead or sailcloth. For a tailored look, sew a two-inch band at the hem. This band of tape or wide ribbon might be red and blue or two other colors from the floor. Sew the red tape at bottom, with blue tape directly above.

Serving Cheese

Do you know the correct way to serve Gouda or Edam cheese when it is offered with crackers at the end of a meal or as a snack? This cannon-ball shaped cheese, with its gay outer red covering, should have its top cut off; then eaters can help themselves by scooping out pieces of the cheese.

Dinner Fete Concludes Parties Given To Honor Miss Pardue, C. R. West

The marriage today of Miss Mattie Sue Pardue and Charles Ray West, to be solemnized in the Alto Presbyterian Church, will climax a series of gay bridal parties. Miss Pardue is the daughter of Mr. and Mrs. Carl Wilburn Pardue of Alto, and Mr. West is the son of Mr. and Mrs. John R. West of Gainesville, Texas.

On Friday evening Mr. and Mrs. West honored their son and Miss Pardue with a dinner party following the rehearsal for their wedding. The event was held at the Embers.

Guests included Mr. and Mrs. Carl Wilburn Pardue, Mr. and Mrs. Ellis Bainsfather of Girard, Dr. Hugh E. Bradshaw of West Monroe, Erie Miller of Gainesville, Texas, James A. Kelley of Commerce, Texas, David W. Pardue of Alto, Miss Marilyn Nowlin of Sherman, Texas, Miss Francis Hill of Archibald, Miss Charlotte Ann Stodghill of Rayville, and Mrs. William T. Sartor of Alto.

LUNCHEON
The library of the Lotus Club was the setting when Mrs. W. T. Sartor Jr. and Mrs. D. R. Sartor Sr. entertained at a luncheon Monday to honor Miss Pardue.

Guests at the party were Mrs. C. W. Pardue, Mrs. Ellis Bainsfather and Mrs. Ryan Sartor Jr. White chrysanthemums and white berries surrounded a miniature bride and groom which centered the white linen-covered luncheon table. Cards in tiny shells were adorned with pearls and marked places for the guests. Tiny bags of rice tied with satin ribbons and lily of the valley were at each guest's place. The honoree was presented with a Dresden flower bowl and a white chrysanthemum corsage by her hostesses.

LUNCHEON
Mrs. W. H. Hicks and her daughter, Mrs. Stuart Lee Spodee, entertained in the Mahogany Room of the Rendezvous Restaurant on Sunday with a luncheon complimentary to Miss Pardue.

The honoree greeted her guests in a tulle dress of printed silk. At her shoulder was pinned a gift corsage of tiny white chrysanthemums.

The luncheon table was centered with an arrangement of lavender asters, tuberoses, ginger lilies and ivy in a crystal compote. Flanking the centerpiece were white tapers in crystal holders.

The hostesses presented the honoree with a silver and crystal bowl with silver ladle and imported hand-decorated blue pitcher. Invited for lunch at 12:30 o'clock were Mrs. C. W. Pardue, Mrs. E. E. Thomason, the honoree and

Questions And Answers Guide For Homemakers

By BETTY PEPIS

Q.—We are using a wildlife motif in our living room. Draperies, in shades of beige and brown, have game bird motif as do the ashtrays, brass wall plaques and wastebasket. I have ceramic lamp bases which are deer figures and ceramic figurines of fish. Chair and rug are spice brown and tables are walnut. What color would you suggest for walls, sofa and extra chair? The dining room beyond is pink; would this be a good color for living room walls?

A.—You should relate the two rooms and pink walls in both will do this. I think you might further relate them by carrying out your outdoor theme in the dining room. This might be done by hanging bird prints on the walls and using a tray of pine needles and cones in place of flowers on the dining table. Your sofa might be in soft willow green and new chair in gold.

Q.—Please help me brighten my living room. Walls are white, rug is cactus green, sofa is ash rose and draperies are champagne. I have two gold chairs and one white chair, accessories are white and gold.

A.—You have done well so far, now you need some deep or

bright color to balance the scheme. A change of accessories will accent the room and tie it together. Use a group of throw pillows in lime, deep green, and shades of red-mulberry, burgundy and a true red. Vibrant colored Italian glass is readily available and a few ash trays, bottles or vases in deep green and red shades would be excellent.

Q.—Our boys' bedroom has a yellow floor with different colored pickup sticks in the pattern. Beds are maple. What color would you suggest for walls and sill-length curtains?

How To Capitalize On Your Collection

By BETTY PEPIS

It came as no surprise to find that the author of the Complete Book of Oriental Cooking had collected things other than recipes on her several visits to the Far East. For petite, pert Myra Waldo, who may well have earned the distinction of being the world's best traveled cook book editor, has visited homes as well as hotels and restaurants in her travels.

Like the recipes gathered in such exotic areas as Japan, Korea, Indonesia, Malaya and Thailand, her collection of Oriental antiques has been adapted to American tastes and to the needs of a perfectly normal American household... without losing authenticity.

With a realization that a flavor too spicy exotic might be too heady for day-by-day living, Miss Waldo has used restraint in both instances. The use of her collection of Oriental art objects in her new apartment, decorated with the assistance of Marjorie Borra-dale, might serve as an object lesson to any homemaker with a collection to display. For although the collection influenced the decor there was no attempt to duplicate a Far Eastern home, a device that most certainly would have resulted in an interior with an atmosphere inappropriate for modern-day living.

The color scheme in particular was planned to enhance the antique bronze of the many Buddha heads, hands and statues which comprise the collection. Walls, floors and upholstery are in tone of celadon green, a soft shade reminiscent of old Chinese porcelains. The old gold tones used with it emphasize the sparkle of some of the Thai figures which are overlaid with gold.

Furniture on the other hand is unrelated, avoids the use of Chinese or Japanese motifs, tends instead toward modern American and traditional European styles. A coffee table with a worn wood parquet top of French ancestry proved a perfect foil for a graceful gilded statuette and intricately inlaid box both acquired in Bangkok. Similarly an end table derived from an English design serves as a background for a second box of equally exotic origin.

The effectiveness of the collection is heightened, too, by the manner in which it has been scattered through the rooms. In the foyer, a tall statue dominates the planting area. Moving in to the living room one finds more precious pieces housed in a tall, specially made ebony case. Others, however, are placed about the room—some on cabinets, some on tables, and two favorites perched on a piano and enlivened by a spotlight.

YOUR PROBLEMS

Poodles Initiated Her Carpet In Two Places

By ANN LANDERS

Dear Ann Landers: I'm 17 and feel like a big failure in life. A certain fellow I know is absolutely the dream of every girl in school.

Well, it finally happened. He asked for a date. I was in my glory. The next night he came over and we went for a ride. He said he was in love with me and wanted me to be his girl. I don't know what came over me, but I lost all my will power. I was put in his hands and you can guess the rest.

He didn't call me the next day like he said he would. Two days passed and he still didn't call. I couldn't stand it any longer so I phoned him. He said he was busy with his boat and would call me soon.

He never did call. I've seen him at parties, at a ball game and on the street. He says "Hi" and goes right on.

Please don't bawl me out, Ann. I know what I did was wrong and also stupid. It didn't help me to keep the boy, it made me lose him. What I want to know is "Why?" After all, I did what he wanted me to. Please explain.

—THE PHOOL
Dear Phoool: The boy feels guilty and ashamed. He wants to forget what happened. When he

sees you it's a reminder, so naturally he avoids you.

We all like people who bring out the best in us, not the worst. You made this boy think poorly of himself as well as of you.

Dear Ann Landers: My husband and I are friendly with several couples who have children from seven to 15 years of age. At the moment a heated argument is raging in the kitchen.

Our nine-year-old daughter belongs to a dancing club. This club is putting on a recital to raise funds for a worthy cause. Donna wants to sell tickets to our friends who will be at our home next week for a party. The tickets are 75 cents each. This will not break anybody and the cause is a good one.

My husband is against it. Donna and I are for it. What do you say? —SPLIT ASUNDER

Dear Split: It's in bad taste to attempt to sell anything to guests in your home. The price of the tickets and the worthiness of the cause are incidental.

Dear Ann Landers: My husband and I just re-carpeted our home. It took long time to save the money for the type of floor covering we wanted.

Probe Of U.S. Agencies Due

WASHINGTON (AP)—The chairman of the House Committee on Un-American Activities said Friday preliminary work has started for an investigation of the nation's intelligence agencies although the House adjourned without authorizing the study.

Chairman Francis E. Walter (D-Pa.) said committee lawyers feel that specific House authorization is not necessary for work the committee plans in the immediate future.

Walter introduced a resolution shortly before Thursday's adjournment of Congress requesting authorization for the intelligence investigation. But adjournment came without any request for action on the resolution.

Asked about this, Walter told a reporter: "We don't think for our purposes that it is necessary. We think we can go as far preliminarily as we want to without the resolution."

By that, he said he meant fixing the scope of the probe and determining just what the committee hopes to learn.

The committee, he said, is preparing letters to the various intelligence agencies asking what procedures are used for screening of their employees.

Crosby Avows Showgirl Love

LAS VEGAS, Nev. (AP)—"She date because there are some personal problems to be discussed. I also have to consult with the priest. We may know more next week when I return to Los Angeles."

In an interview with Hollywood columnist Harrison Carroll of the Los Angeles Herald-Express, Bing Crosby's oldest son, Gary, 27, said of Las Vegas showgirl Barbara Stuart:

"I love her very much. If people will leave us alone I think things will work out and we will be married."

"I haven't given her a ring yet and we are not formally engaged. We can't give out the wedding date because there are some personal problems to be discussed. I also have to consult with the priest. We may know more next week when I return to Los Angeles."

Gary is in Las Vegas after completing a singing engagement in Reno, Nev. If the wedding takes place, he will be the fourth of Bing's sons to marry a Las Vegas showgirl.

Miss Stuart, also 27, set tongues wagging earlier in the week with the announcement that she and Gary will wed.

How To Capitalize On Your Collection

By BETTY PEPIS

It came as no surprise to find that the author of the Complete Book of Oriental Cooking had collected things other than recipes on her several visits to the Far East. For petite, pert Myra Waldo, who may well have earned the distinction of being the world's best traveled cook book editor, has visited homes as well as hotels and restaurants in her travels.

Like the recipes gathered in such exotic areas as Japan, Korea, Indonesia, Malaya and Thailand, her collection of Oriental antiques has been adapted to American tastes and to the needs of a perfectly normal American household... without losing authenticity.

With a realization that a flavor too spicy exotic might be too heavy for day-by-day living, Miss Waldo has used restraint in both instances. The use of her collection of Oriental art objects in her new apartment, decorated with the assistance of Marjorie Borradaile Helsel, might serve as a device that most certainly would have resulted in an interior with an atmosphere inappropriate

for modern-day living.

The color scheme in particular was planned to enhance the antique bronze of the many Buddha heads, hands and statues which comprise the collection. Walls, floors and upholstery are in tone of celadon green, a soft shade reminiscent of old Chinese porcelains. The old gold tones used with it emphasize the sparkle of some of the Thai figures which are overlaid with gold.

Furniture on the other hand is unrelated, avoids the use of Chinese or Japanese motifs, tends instead toward modern American and traditional European styles. A coffee table with a worn wood parquet top of French ancestry proved a perfect foil for a graceful gilded statuette and intricately inlaid box both acquired in Bangkok. Similarly an end table derived from an English design serves as a background for a second box of equally exotic origin.

The effectiveness of the collection is heightened, too by the manner in which it has been scattered through the rooms. In the foyer, a tall statue dominates the planting area. Moving in to the living room one finds more precious pieces housed in a tall, specially made ebony case. Others, however, are placed about the room—some on cabinets, some on tables, and two favorites perched on a piano and enlivened by a spotlight.

Such an approach lends consistency to the decoration—reiterating but never forcing the theme that unites the varied pieces in the room and the various rooms to one another.

YOUR PROBLEMS

Poodles Initiated Her Carpet In Two Places

By ANN LANDERS

Dear Ann Landers: I'm 17 and feel like a big failure in life. A certain fellow I know is absolutely the dream of every girl in school.

Well, it finally happened. He asked for a date. I was in my glory. The next night he came over and we went for a ride. He said he was in love with me and wanted me to be his girl. I don't know what came over me, but I lost all my will power. I was putty in his hands and you can guess the rest.

He didn't call me the next day like he said he would. Two days passed and he still didn't call. I couldn't stand it any longer so I phoned him. He said he was busy with his boat and would call me soon.

He never did call. I've seen him at parties, at a ball game and on the street. He says "Hi" and goes right on.

Please don't bowl me out, Ann. I know what I did was wrong and also stupid. It didn't help me to keep the boy, it made me lose him. What I want to know is "Why"??? After all, I did what he wanted me to. Please explain.

— THE PHOOL
Dear Phoool: The boy feels guilty and ashamed. He wants to forget what happened. When he

sees you it's a reminder, so naturally he avoids you. We all like people who bring out the best in us, not the worst. You made this boy think poorly of himself as well as of you.

Dear Ann Landers: My husband and I are friendly with several couples who have children from seven to 15 years of age. At the moment a heated argument is raging in the kitchen.

Our nine-year-old daughter belongs to a dancing club. This club is putting on a recital to raise funds for a worthy cause. Donna wants to sell tickets to our friends who will be at our home next week for a party. The tickets are 75 cents each. This will not break anybody and the cause is a good one.

My husband is against it. Donna and I are for it. What do you say? — SPLIT ASUNDER

Dear Split: It's in bad taste to attempt to sell anything to guests in your home. The price of the tickets and the worthiness of the cause are incidental.

Dear Ann Landers: My husband and I just re-carpeted our home. It took a long time to save the money for the type of floor covering we wanted.

My husband's maiden aunt has two miniature poodles. These dumb dogs are her whole life. The carpeting wasn't down three days when she brought the dogs over and they initiated the carpeting in two places.

My husband became upset and told his aunt if the dogs couldn't behave better she should not bring them into nice homes. His aunt said the dogs were a little nervous and ought to be forgiven. One word led to another and finally my husband said, "You are welcome here, but your dogs are not." She left in a huff.

My husband feels guilty and wonders if he should call her and apologize — BYSTANDER

You'll Find Out If Child's Eyes Are Weak

By MYRTLE MEYER ELDRED

The infant's eyes do not focus properly during the first two or three months of his life. At times, if he fixates on any particular object, they may become crossed. Naturally this concerns the young mother, but it need not, those hundreds of muscles which

control the movement of the eyes soon will strengthen and then the eyes will stay in focus. If, after four months, they do not, it is time to consult a good "eye" man.

How is it possible to know when the small child's eyes need attention? Certainly it is the mother who can discern whether the eyes look healthy. If the eyes are afflicted with frequent sties, or have crusty lids or look red and inflamed, she will know that these conditions need attention.

SCHOOL REVEALS PROBLEM
If no visual deficiencies have been recognized before the child goes to school, they will show up then. He may complain of headaches in school, or of double vision, or he may simply be unable to do his work well.

When he begins to learn to read, it will be discovered promptly that he is slow to recognize the shapes of the individual letters and this should certainly indicate the cause may be faulty vision.

From the great numbers of children who wear eye-glasses in kindergarten, it is plain that as a society we have become very conscious of a child's eyes and the vital part they play in making him a successful as well as a happy school child.

TESTS IMPORTANT

Children are given vision tests long before they can read. There are ways the ophthalmologist can determine whether the child is able to see properly. This certainly pays off when the child goes to school, ridding him of that sense of inferiority which comes when he cannot learn to read as others are doing; and of that miserable feeling which is his when he is not seeing what others see.

That yearly checkup, if not done in August, should be done now if the child makes any complaint which would seem to indicate that his eyes were troubling him.

A hearing and an eye test are imperative before school begins. Otherwise, we load the child with handicaps he cannot overcome.

Our 10-cent booklet "Ready For School?" may be had by sending 10 cents and a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

Tour Cheniere For Inspection Of Improvements

The Ouachita Parish Police Jury made a first-hand inspection yesterday on improvements at Cheniere Lake.

Jury members were taken on a tour of the lake improvements by members of the Cheniere Lake Commission. Members of the commission's advisory board were also present.

Following the late afternoon inspection, the groups had a fish supper on the lake bank. Members of the commission sponsored the supper.

Cheniere Lake, owned by Ouachita Parish, is being developed for recreation purposes by the commission under the supervision of the police jury.

DEAR ABBY

Mother-In-Law's Sale Gifts Irritate Wife

Editor's Note: Ever since this letter appeared in my column, I have received hundreds of requests for copies of it. No letter has ever provoked more comment. I think it is worth repeating.

DEAR ABBY: I am the most heartbroken person on earth. I always found time to go everywhere else but to see my old gray-haired parents. They sat at home alone loving me just the same. It is too late now to give them those few hours of happiness I was too selfish and too busy to give, and now when I go to visit their graves and look at the green grass above them I wonder if God will ever forgive me for the heartaches I must have caused them. I pray that you will print this, Abby, to tell those who still have their parents to visit them and show their love and respect while there is still time. For it is later than you think. —"TOO LATE"

DEAR ABBY: Our seven-year-old boy cries himself to sleep every night because he wants a pet so bad. Our apartment house doesn't allow pets but my husband talked the manager into letting us have one.

The boy would like a dog but I think it would be easier to train a cat. Do you know which is easier to housebreak? Also, a friend told me that a female stays home more and would make a better pet for a child. Have you any ideas on that? MRS. J. L. T.

DEAR MRS. J. L. T.: It's dandy for children to have pets until the pets start having children. I suggest a miniature or toy poodle. Male.

DEAR ABBY: Every time my

LSU RESEARCHERS SAY

Flouridated Milk Cuts Tooth Decay

WASHINGTON (AP) — A team of Louisiana State University researchers Friday reported an 80 per cent reduction in tooth decay among children given flouridated milk — ordinary milk to which a very small amount of sodium flouride had been added.

Dr. L. L. Rusoff and several associates said in a report prepared for the fifth International Nutrition Congress:

"The beneficial results obtained from flouridated milk in the prevention of dental caries (decay) of young children are similar to public health studies in cities where the municipal water supplies were flouridated.

"Since it is estimated that about half of the United States do not have access to flouridated municipal water supplies and have to rely on well water or private

wells, the flouridation of milk might be of value in these communities."

In the Louisiana study, begun 4½ years ago, about 160 children in grades one through four in two neighboring schools took part. In one of the schools, the children were given flouridated milk at the school lunch hour. Children in the other school were served milk without flouride.

Fifteen Baton Rouge dentists examined the teeth of each group at the beginning and annually, recording their observations.

No significant differences were found at the start, but at the end of the period there was an 80 per cent reduction in cavities of the treated group.

The rate of cavities in permanent teeth was 2.04 per cent for the treated group and 13.69 per

Bar Delegates

For Amendment

WASHINGTON (UPI) — The American Bar Association Friday endorsed a proposed amendment to the constitution which would let residents of the District of Columbia vote for the president and vice president.

The ABA's house of delegates took the action by a 58-33 vote in the final session of the ABA's 83rd annual meeting.

Johnston, professor of dairying who served as statistician for the project; and Dr. William W. Frye, vice president of LSU and dean of the school of medicine.

will be held in St. Louis in early August.

Congress this year passed a proposed constitutional amendment to give district residents the vote in presidential elections. The amendment must be ratified by three-fourths of the states to become effective.

Following the late afternoon inspection, the groups had a fish supper on the lake bank. Members of the commission sponsored the supper.

Cheniere Lake, owned by Ouachita Parish, is being developed for recreation purposes by the commission under the supervision of the police jury.

VISITING in the city with the Rev. and Mrs. H. L. Sampson in their home on Civic Street are their son and daughter-in-law, Mr. and Mrs. Don Sampson, and son, Donald Jeffery, of Enterprise, Alabama. Mrs. Don Sampson is pictured above with her son.

DEAR ABBY

Mother-In-Law's Sale Gifts Irritate Wife

Editor's Note: Ever since this letter appeared in my column, I have received hundreds of requests for copies of it. No letter has ever provoked more comment. I think it is worth repeating.

DEAR ABBY: I am the most heartbroken person on earth. I always found time to go every where else but to see my old gray-haired parents. They sat at home alone loving me just the same. It is too late now to give them those few hours of happiness I was too selfish and too busy to give, and now when I go to visit their graves and look at the green grass above them I wonder if God will ever forgive me for the heartaches I must have caused them. I pray that you will print this, Abby, to tell those who still have their parents to visit them and show their love and respect while there is still time. For it is later than you think. —"TOO LATE"

DEAR ABBY: Our seven-year-old boy cries himself to sleep every night because he wants a pet so bad. Our apartment house doesn't allow pets but my husband talked the manager into letting us have one.

The boy would like a dog but I think it would be easier to train a cat. Do you know which is easier to housebreak? Also, a friend told me that a female stays home more and would make a better pet for a child. Have you any ideas on that? MRS. J. L. T.

DEAR MRS. J. L. T.: It's dandy for children to have pets until the pets start having children. I suggest a miniature or toy poodle. Male.

DEAR ABBY: Every time my

mother-in-law buys a gift for us it's something that was bought on sale and you can't take back. If she had any taste I wouldn't mind, but she has none. She buys things like ash trays, candy dishes and knickknacks that should be put out. If she comes here and doesn't see them, she gets mad and hurt. I've hinted, but she doesn't catch on. What's the best way of solving this problem without making a big deal out of it? —UP AGAINST IT

DEAR UP: Put the knickknacks out and forget it. If this is your biggest problem, you're the luckiest woman I heard from today.

DEAR ABBY: I have a problem which a lot of girls seem to have. How can you find out which church a boy goes to without coming right out and asking him? I am 18 and my parents don't want me going with boys unless they are the same faith as I am. —PUZZLED

DEAR PUZZLED: There is nothing wrong with "coming right out" and asking a boy which church he goes to.

If you want a personal reply from Abby, write to her in care of this paper and enclose a stamped, self-addressed envelope. She answers "all" letters.

LSU RESEARCHERS SAY

Flouridated Milk Cuts Tooth Decay

WASHINGTON (AP) — A team of Louisiana State University researchers Friday reported an 80 per cent reduction in tooth decay among children given flouridated milk — ordinary milk to which a very small amount of sodium fluoride had been added.

Dr. L. L. Rusoff and several associates said in a report prepared for the fifth International Nutrition Congress:

"The beneficial results obtained from flouridated milk in the prevention of dental caries (decay) of young children are similar to public health studies in cities where the municipal water supplies were flouridated.

"Since it is estimated that about half of the United States do not have access to flouridated municipal water supplies and have to rely on well water or private

wells, the flouridation of milk might be of value in these communities."

In the Louisiana study, begun 4½ years ago, about 160 children in grades one through four in two neighboring schools took part. In one of the schools, the children were given flouridated milk at the school lunch hour. Children in the other school were served milk without fluoride.

Fifteen Baton Rouge dentists examined the teeth of each group at the beginning and annually, recording their observations.

No significant differences were found at the start, but at the end of the period there was an 80 per cent reduction in cavities of the treated group.

The rate of cavities in permanent teeth was 2.04 per cent for the treated group and 13.69 per

FIRE CRITICAL BLASTS

Campaigners Hit Congress Record

WASHINGTON (UPI) — Campaign controversy began here Friday over the final election-year record of the 86th Congress. It flared up before most of the legislators could get back home to face the voters.

Within hours after the Senate closed the books on the session at 11:52 p.m. e.d.t., Thursday, partisan statements and criticisms of the post-convention shirt-tail session started coming from all sides. Both Republicans and Demo-

crats were ready to battle over the record of the Democratic-controlled Congress, particularly on the pre-election session of less than a month which saw a series of key bills stalemated.

Democratic President nominee John F. Kennedy opened a New England campaign swing by blaming the Republicans and the Eisenhower administration for the fact that so little was done in the extra session.

Republican National Chairman,

Sen. Thurston B. Morton, of Ky., issued a statement charging that Kennedy's inability to lead his own party was responsible for the "resounding failure" of legislative action.

Kennedy "is not major league material" — based on that performance, Morton said. He said if the Massachusetts senator "cannot lead 65 senators of his own party, how can he possibly give leadership to 100 million Americans of varying political beliefs?"

At the White House, Press Secretary James C. Hagerty said President Eisenhower would give his opinion of the record of Congress "at the appropriate time." He indicated that Eisenhower might hold a news conference next week.

Agriculture Secretary Ezra T. Benson termed the 86th Congress "an agricultural flop" which was

"valueless to the farmer." He recalled Kennedy's pledge at Los Angeles that he would work for action on a farm bill at the abbreviated session and commented: "What the candidate promised farmers in July to fulfill in August he has now put off to January."

Sen. Jacob K. Javits, R-N.Y., contended that effective leadership by the big Democratic majority "has been absent this August and the American people are well aware of it."

New Drug Developed

LONDON (UPI) — The British Medical Journal Friday reported on the development of a new drug, celbenin, for killing bacteria resistant to penicillin.

"It would be rash at this time to predict the future of celbenin," the journal said. "Much more extensive clinical experience is necessary."

SEIZED BY FBI

Ex-Con Charged In Girl's Murder

MARION, Ill. (AP) — Joseph Harry Milani, 33, a convicted murderer with a record dating to the age of 16, was charged Friday with murdering a teen-aged girl he abducted from the arms of her fiancé.

Milani, described as an "ornery cuss" by fellow inmates during his most recent prison stay, was charged with killing Mary Lily Ellen Roberts, a Carbondale, Ill., waitress.

The girl and her fiancé, John Bryant Jr., 20, were parked in a secluded section on Crab Orchard Lake National Wildlife Refuge Aug. 25 when a gunman ordered the young man out of the car. He shot Bryant in the face, the bullet going through both cheeks, and took his wallet. He then drove away with the girl.

Her body was found in an abandoned well Sunday after an intense search throughout southern Illinois by an army of volunteers on foot, in automobiles, horseback, airplanes and helicopters.

Because the shooting occurred on a government reservation, the FBI entered the case.

Key factors leading to Milani's capture were a spent bullet casing and a price tag bearing the figure "25" found near the well Sunday.

FBI agents traced the tag to a Herrin, Ill., sporting goods store whose owner said it was attached to a gun he sold Aug. 24 to a man he identified as William Raymond Winningham. The shell was one from a box sold to the same man, the store owner was quoted as telling the FBI.

The federal men said "Winningham" was a name used previously by Milani. He was seized early Friday at his home near Herrin, Ill., and taken to Marion, where he was charged with assault with intent to murder Bryant. He had been identified by Bryant as the man who shot him and abducted the girl. Further questioning was followed by the murder charge.

FBI agents said Milani admitted being at the farm Aug. 24—where the girl's body was found—with a new automatic pistol, a .732 mm. German-made gun which uses .32 caliber ammunition.

Robber Indicted For Perjury By Federal Jurors

LAKE CHARLES, La. (AP) — A federal grand jury Friday indicted Cecil Ray Angely, convicted bank robber, on 18 counts of perjury.

The indictment said the perjury took place in Shreveport last June 13 when Angely testified he did not take part in the \$34,000 robbery of the Commercial National Bank of Shreveport on Feb. 13, 1958. Angely, who previously pleaded guilty to the robbery, testified at the trial of Joseph Edwards Thomas who was sentenced to 25 years.

Angely was sentenced to 14 years for his part in the robbery and is in prison at Terre Haute, Ind. The 18 perjury indictments carry a maximum sentence of five years for each count.

Solons Fail To Confirm Ike Nominees

WASHINGTON (AP) — Five of President Eisenhower's nominations to federal regulatory agencies were left unconfirmed by the Democratic-controlled Senate when Congress adjourned Thursday night.

Also left buried in committee were 913 postmaster nominations, appointment of an assistant attorney general, four District Court judges, and a member of the National Labor Relations Board.

But the election-year session generated no controversy over nominations comparable to the bitter battle that preceded the Senate's rejection last year, by a 49-46 vote, of Lewis L. Strauss as secretary of commerce.

In the closing days of this year's session, principal attention was focused on the nomination of Robert A. Bicks, 33, a New Yorker, to be an assistant attorney general in charge of the Justice Department's antitrust division.

The nomination remained locked in a three-man subcommittee headed by Sen. James O. Eastland (D-Miss) despite appeals from several Republican and Democratic senators that it be acted on before adjournment.

Eastland's response to these pleas was that additional witnesses wanted to be heard on Bicks' nomination, submitted by Eisenhower on May 9.

Supporters of Bicks, who has been the acting head of the antitrust division since April 1959, said he apparently had been "too much of a trust buster" to suit some business interests.

Given a recess appointment by Eisenhower while Congress adjourned for the political conventions last month, Bicks can continue to serve until a successor is named even though his nomination was not confirmed.

Colombia Ired By Cuban Note

BOGOTA, Colombia (UPI) — A Cuban note virtually calling Labor Minister Otto Morales Benitez a liar touched off a storm of protest here, including a demand that Colombia break relations with the Fidel Castro regime.

The foreign office refused to accept the note presented Thursday by Cuban Ambassador Adolfo Rodriguez De La Vega, saying it was phrased in terms "injurious to the dignity of high officials."

The liberal newspaper El Tiempo said most Colombians consider Rodriguez "persona non grata," meaning in effect that he should be thrown out of the country.

In Medellin, the conservative newspaper El Colombiano called Cuba "an enemy of democracy" and demanded that Colombia break relations.

Morales had told Congress that a plan was on foot to organize riots in Colombia during this month's inter-American economic meeting here. He said the plot was organized on orders "sent to Colombia from Cuba."

Rodriguez assailed the labor minister's charge as "mendacious" and demanded that Morales produce proof.

Escapee Admits State Crimes

BATON ROUGE (AP) — A Florida convict escapee, officers said Friday, admitted raping a Baton Rouge girl and robbing a local supermarket.

Police chief Shirley Arrighi said he received a report from Pensacola, Fla., officers on 23-year-old Marc C. Garvin.

The 18-year-old rape victim here earlier pointed to Garvin's picture and said he was the man who attacked her here Aug. 23.

Garvin, serving six months to life in Florida for armed robbery, was apprehended earlier this week in Pensacola after fleeing the Florida state penitentiary.

Witnesses of the supermarket robbery also had tentatively identified Garvin as the gunman who used a faulty revolver, the police chief said.

Det. Lt. Malcolm Ballard and Det. J. E. Passman of Baton Rouge are still in Pensacola questioning Garvin.

At Lafayette, Police Chief Malcolm Fisher said Pensacola police telephoned him that Garvin signed an affidavit in which he admitted the Aug. 21 holdup of Keller's Bakery in Lafayette.

Soviets Aid Congolese

MOSCOW (UPI) — The Soviet Union has sent 10 plane-loads of foodstuffs to the Congo at the request of Premier Patrice Lumumba's government, Moscow radio said Friday.

The broadcast said the 11-14 planes will stay in the Congo for "some time" and be used for internal transportation.

Robber Indicted For Perjury By Federal Jurors

LAKE CHARLES, La. (AP) — A federal grand jury Friday indicted Cecil Ray Angelly, convicted bank robber, on 18 counts of perjury.

The indictment said the perjury took place in Shreveport last June 13 when Angelly testified he did not take part in the \$34,000 robbery of the Commercial National Bank of Shreveport on Feb. 13, 1958.

Angelly, who previously pleaded guilty to the robbery, testified at the trial of Joseph Edwards Thomas who was sentenced to 25 years.

Angelly was sentenced to 14 years for his part in the robbery and is in prison at Terre Haute, Ind. The 18 perjury indictments carry a maximum sentence of five years for each count.

Ex-Con Charged In Girl's Murder

MARION, Ill. (AP) — Joseph Harry Milani, 33, a convicted murderer with a record dating to the age of 16, was charged Friday with murdering a teen-aged girl he abducted from the arms of her fiancé.

Milani, described as an "ornery cuss" by fellow inmates during his most recent prison stay, was charged with killing Mary Lily Ellen Roberts, a Carbondale, Ill., waitress.

The girl and her fiancé, John Bryant Jr., 20, were parked in a secluded section on Crab Orchard Lake. National Wildlife Refuge Aug. 25 when a gunman ordered the young man out of the car. He shot Bryant in the face, the bullet going through both cheeks, and took his wallet. He then drove away with the girl.

Her body was found in an abandoned well Sunday after an intense search throughout southern Illinois by an army of volunteers on foot, in automobiles, horseback, airplanes and helicopters.

Because the shooting occurred on a government reservation, the FBI entered the case.

Key factors leading to Milani's capture were a spent bullet casing and a price tag bearing the figure "25" found near the well Sunday.

FBI agents traced the tag to a Herrin, Ill., sporting goods store whose owner said it was attached to a gun he sold Aug. 24 to a man he identified as William Raymond Winingham. The shell was one from a box sold to the same man, the store owner was quoted as telling the FBI.

The federal men said "Wingham" was a name used previously by Milani. He was seized early Friday at his home near Herrin.

Brought to Marion, Milani first was charged with assault with intent to murder Bryant. He had been identified by Bryant as the man who shot him and abducted the girl. Further questioning was followed by the murder charge.

FBI agents said Milani admitted being at the farm Aug. 24—where the girl's body was found—with a new automatic pistol, a .732 mm. German-made gun which uses .32-caliber ammunition.

Solons Fail To Confirm Ike Nominees

WASHINGTON (AP) — Five of President Eisenhower's nominations to federal regulatory agencies were left unconfirmed by the Democratic-controlled Senate when Congress adjourned Thursday night.

Also left buried in committee were 913 postmaster nominations, appointment of an assistant attorney general, four District Court judges, and a member of the National Labor Relations Board.

But the election-year session generated no controversy over nominations comparable to the bitter battle that preceded the Senate's rejection last year, by a 49-46 vote, of Lewis L. Strauss as secretary of commerce.

In the closing days of this year's session, principal attention was focused on the nomination of Robert A. Bicks, 33, a New Yorker, to be an assistant attorney general in charge of the Justice Department's antitrust division.

The nomination remained locked in a three-man subcommittee headed by Sen. James O. Eastland (D-Miss) despite appeals from several Republican and Democratic senators that it be acted on before adjournment.

Eastland's response to these pleas was that additional witnesses wanted to be heard on Bicks' nomination, submitted by Eisenhower on May 9.

Supporters of Bicks, who has been the acting head of the antitrust division since April 1959, said he apparently had been "too much of a trust buster" to suit some business interests.

Given a recess appointment by Eisenhower while Congress adjourned for the political conventions last month, Bicks can continue to serve until a successor is named even though his nomination was not confirmed.

Stocks Slow As Holiday Air Prevails

NEW YORK (UPI)—Wall Street had only half a mind on its business Friday as the holiday exodus took priority over stock trading.

With few exceptions the list drifted into a broad and aimless daydream and remained in the sluggish state until the final bell.

A large segment of the financial community apparently embarked on their holiday hiatus as early as possible, having set their books in order during the past few days of relatively high volume.

Speculative fever having cooled from the week's frantic pace, volume Friday sagged to 2,680,000 shares from 3,460,000 Thursday.

Industrial stocks, as measured by the Dow-Jones average, eased 0.88 while rails slipped 0.57 and utilities 0.03.

Steels generally were about 1/2 point lower among the leading issues while motors shed fractions. Ford inched up 1/8. Chemicals moved narrowly without a feature, Eastman Kodak dropping a point.

L'affaire Comptometer - Telau-

tograph resolved itself into more normal dealings — at least those that could be watched on the tape for a change. Both opened late on large blocks with Comptometer down 2 1/2 and Telautograph off 1 1/2. Trading actively, the latter closed at 16 1/2, off 2 1/2 on the day and Comptometer finished at 21 off 2.

Bowling issues were strong, with Brunswick and AMF up 2 1/2 and 1 1/4 respectively. Polaroid dropped nearly 3 in the cameras where Bell & Howell firmed close to a point.

Electronics moved irregularly with Texas Instruments down 4 1/4, Zenith over 1 and Litton 1/2. IBM and Beckman rose around a point. Underwood eased 1/4 in the office machines where American Photocopy jumped 1 1/2.

Aircraft encountered a round of profit-taking with Douglas, Chance-Vought and Martin off around a point.

Chock Full O'Nuts dropped 1 1/2 after Thursday's disclosure of a 4-for-1 stock split.

Stocks on the American Exchange ran irregularly in reduced pre-holiday trading.

Cubic lost around 2 1/2 in the electronics, Loral 1 1/2 and Gianini about the same but Atlantic Research firmed close to a point and American Business Systems a large fraction.

LIVESTOCK

CHICAGO (AP) — The butcher hog market made another broad recovery Friday, advancing 25 to 50 cents a hundredweight on the smallest supply since Feb. 11.

It was the second sharp advance in two days after a month of almost continuous setbacks. With demand brisk for the offerings of 2,000 head, buyers paid up to \$16.25 a hundredweight for about 500 head of 220-250 lb weights. The top, however, was up only 25 cents above Thursday's best.

Mixed No. 1-2 grades scaling 200-230 lbs and 1-3 at 200-250 lbs brought \$16 and up with other 200-250 lb lots bringing \$15.75-16. Heavier weights were scarce and cleared at \$15.75. Sows moved at \$14-15.

The week's supply of 24,500 head compared with 29,000 last week.

The scant trade on slaughter steers and heifers was insufficient for a market test and no sales were reported. Bulls and vealers were steady at \$15-19 and utility and commercial bulls and steers at \$15-24 for good and choice vealers.

The meager sheep supply included no spring slaughter lambs. A few good and choice lambs sold at \$15-18, ewes up to \$5.

POULTRY

CHICAGO (AP) — (USDA) — Live poultry: No prices reported due to insufficient receipts.

Grain

CHICAGO (AP) — The grain futures market slipped into general weakness again Friday but held onto most of the gains of the previous session on the Board of Trade.

Most of the losses were in small fractions although the distant wheat months were down about a cent. Small plus signs were scattered through oats and soybeans.

Trade was fairly brisk at times but it was limited mainly to evening up commitments for the week-end and Labor Day holiday. A moderate volume of export buying steadied the nearby wheat months despite the posting again of liberal offers to deliver the grain on the September contract.

At the close, wheat was unchanged to 1/4 cents a bushel lower, September \$1.85 1/4; corn 1/4 lower, September \$1.13 1/4; oats 1/4 higher to 1/4 lower, September 64 1/4-3/4; rye 1/4-1/2 lower, September \$1.12 1/4-1/2; soybeans 1/4 lower to 1/4 higher, September \$2.14 1/4-1/2.

COTTON

NEW YORK COTTON

NEW YORK (AP) — Cotton futures closed 30 cents a bale higher to 75 cents lower Friday.

Current crop months were higher on trade and local buying, partly reflecting reports from the South of a good mill demand for immediate shipment cotton because of the lateness in the movement of the new crop. The 1961 crop deliveries opened steady but later sagged on commission house selling.

Futures closed 30 cents a bale higher to 75 cents lower than the previous close.
